The Board of Commissioners of the Anastasia Mosquito Control District have received petitions from residents to extend the boundaries of the District. In response to their petitions, the Board of Commissioners is submitting the attached "Petition to Extend the Boundaries of the St. Johns County Anastasia Mosquito Control District."

In accordance with the Petition, it is requested that the Board of County Commissioners pass a resolution providing for an election to be held of the registered electors residing in the District, and the registered electors residing in the territory proposed to be added to the District, to determine whether such territory shall be added to the District. It is requested that the election be held as part of the general election on November 3, 1992.

The territory to be added to the District is comprised of two areas as follows:

The area bordered on the north by Nine Mile Road, on the east by US Highway 1, on the south by State Road 207, and on the west by Interstate 95.

And also the area bordered on the north by State Road 206, on the east by the Intercoastal Waterway, on the south by the southern boundary of St. Johns County, and on the west by Interstate 95.

The above described areas are precincts number 2, 10, 15, 21, and that portion of 20 lying west of the Intercoastal Waterway. Attached for your reference is a copy of a map showing the areas to be added.
