11. Bids received late will not be accepted and the County will not be responsible for late mail delivery. However, should a bid be misplaced by the County and found later, will be considered.
12. Telephone and facsimile bid will not be acceptable in formal Sealed Bids openings.
13. Any bidder may request and shall receive a receipt showing the day and hour any bid is delivered to the appropriate office of the County from the personnel thereof.
14. All bidders must be recognized dealers in the materials of equipment specified and be qualified to advise in their application or use. A bidder may at any time be requested to satisfy the Purchasing Office and the County Administrator that he has the requisite organization, capital, plant, stock, ability and experience to satisfactorily execute the contract in accordance with the provisions of the contract in which he is interested.
15. Any alterations, erasures, additions or omissions of required information or any changes of specifications or bidding schedule is done at risk of the bidder. Any bid will be rejected that has a substantial variation. For example, a variation that affects the price, quality or delivery date (when delivery is required by a specific time).
16. When requested, samples will be furnished to the County free of expense, properly marked for identifications and accompanied by a list where there is more than one (1) sample. The County reserves the right to mutilate or destroy any sample submitted whenever it may be to the interest of the County to do so for the purpose of testing.
17. The County will reject any material, supplies or equipment that do not meet the specifications, even though the bidder lists the trade names or names of such material on

the bid or price quotation form.

18. The unauthorized use of patented articles is done entirely at the risk of the successful bidder.
19. The ESTIMATED QUANTITY given in the specifications of advertisements is for the purpose of bidding ONLY. The County may purchase more or less than the estimated quantity and the vendor must not assume that such estimated quantity is part of the contract.
20. Only the latest model equipment, as evidenced by the manufacturer's current published literature will be considered. Obsolete models of equipment not in production will not be acceptable. The equipment shall be composed of new parts and materials. Any unit containing used parts or having seen any service other than the necessary tests will be rejected. In addition to the equipment specifically called for in the specification, all equipment catalogued by the manufacturer as standard or required by the State of Florida shall be furnished with the equipment. Where required by the State of Florida Motor Vehicle Code, vehicles shall be inspected and bear the latest inspection sticker of the Florida Department of Revenue.
21. The successful bidder on motor vehicle equipment shall be required to furnish with the delivery of the vehicle a certificate of origin and any other appropriate documentation as required by the Florida Motor Vehicle Department.
22. Prospective bidders are required to examine the location of the proposed work or delivery and determine, in their own way, the difficulties, which are likely to be encountered in the prosecution of the same.
23. All materials, equipment and supplies shall be subjected to rigid inspection under the immediate supervision of the Purchasing Department, its designee and/or the department to which they are delivered. If defective material, equipment or supplies are discovered, the vendor shall remove or make good such material, equipment or supplies without extra compensation. It is expressly understood and agreed that the inspection of materials by the County will in no way lessen the responsibility of the vendor or release him from his obligation to perform and deliver to the County sound and satisfactory materials, equipment or supplies. The vendor agrees to pay the costs of all test upon defective material, equipment or supplies or allow the cost to be deducted from any monies due him from the County.
24. Unless otherwise specified, the County reserves the right to award each item separately or on a lump sum basis, whichever is in the best interest of the County.
25. A contract may not be awarded to any corporation, firm or individual who is, from any cause, in arrears to the County or who has failed in former contracts with the County.
26. Reasonable grounds for supposing that any bidder is interested in more than one proposal for the same item will be considered sufficient cause for rejection of all proposals in which he is interested.
27. Submitting a proposal when the bidder intends to sublet the contract may be a cause for rejection of bids or cancellation of the contract by the County Administrator.
28. The County reserves the right to reject any or all bids or quotations, to waive any minor discrepancies in the bids for all bidders equally when deemed to be in the best interest of the County and to purchase any part, all or none of the materials, supplies or equipment specified.
29. Failure of the bidder to sign the bid or have the signature of any authorized representative or agent on the bid proposal in the space provided may be cause for rejection of the bid. Signature must be written in ink or indelible pencil. Typewritten or printed signatures will not be acceptable.
30. Any bidder may withdraw his bid at any time BEFORE the time set of opening of the bids. A bid may be withdrawn AFTER the bids are opened only with permission of the Purchasing Agent.
31. It is mutually, understood and agreed that, if at any time, the Purchasing Department or designee shall be of the opinion that the contract, or any part thereof, is unnecessarily delayed or that the rate of progress or delivery is unsatisfactory or that the contractor is willfully violating any of the condition or covenants of the agreement or is executing the same in bad faith, the Purchasing Agent or his designee shall have the power to notify the aforesaid contractor of the nature of the complaint. Notification shall constitute delivery of notice or letter to address given in proposal. If after three (3) working days of

notification, the conditions are not corrected to the satisfaction of the Purchasing Agent, he shall thereupon have the power to take whatever action he may deem necessary to complete the work or delivery herein described, or any part thereof, and the expense thereof, so charged, shall be deducted from any paid by the County out of such monies as may become due to the said contractor, under and by virtue of this agreement. In case such expense shall exceed the last said sum, then and in that event, the bondsman or the contractor, his executors, administrators, successors or assigns, shall pay the amounts of such excess to the County on notice by the Purchasing Department or his designee of the excess due.

32. Any complaint from bidders relative to the invitation to bid or any attached specifications shall be made prior to the time of opening bids; otherwise, the bidder waives any such complaint.
33. A vendor writing specifications for the County may not be allowed to bid on that project.
34. Contracts may be canceled by the County with or without cause on thirty (30) days advance written notice.
35. Any bidder affected adversely by an intended decision with respect to the award of any bid, shall file with the Purchasing Department for St. Johns County, a written notice of intent to file a protest not later than seventy-two (72) hours (excluding Saturday, Sunday and legal holidays) after the posting of the bid tabulation. Protest procedures may be obtained in the Purchasing Department.
36. Vendors shall not contact, lobby, or otherwise communicate with any St. Johns County employee, including any member of the Board of County Commissioners, other than the above referenced individual from the point of advertisement of the Bid until contract(s) are executed by all parties, per St. Johns County Purchasing Code 304.6.5 "Procedures Concerning Lobbying". According to St. Johns County policy, any such communication shall disqualify the vendor, contractor, or consultant from responding to the subject invitation to bid, request for quote, request for proposal, invitation to negotiate, or request for qualifications.
