

RESOLUTION NO. 2017-407

A RESOLUTION BY THE BOARD OF COUNTY COMMISSIONERS OF ST. JOHNS COUNTY, FLORIDA, AUTHORIZING THE COUNTY ADMINISTRATOR, OR DESIGNEE, TO PURCHASE AND TO EXECUTE A PURCHASE ORDER FOR ONE (1) FORD F-450 SERVICE-BODY TRUCK WITH CRANE

RECITALS

WHEREAS, the County seeks to purchase one (1) Ford F-450 service-body truck with crane; and

WHEREAS, in accordance with section 302.6.5.4 of the St. Johns County Purchasing Manual, entitled "Piggyback or Cooperative Purchasing", the County is authorized make said purchase subject to the terms and conditions of Florida Sheriffs Association contract #FSA17-VEH15.0 ("Contract"); and

WHEREAS, purchase of the vehicle will be funded by Utility Services Fund; and

WHEREAS, the County has reviewed the terms, provisions, conditions and requirements of the Contract and finds that entering into the Contract for the purchase of the vehicle serves a public purpose.

NOW, THEREFORE BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ST. JOHNS COUNTY, FLORIDA, as follows:

Section 1. The above Recitals are incorporated by reference into the body of this Resolution and such Recitals are adopted as finds of fact.

Section 2. The County Administrator, or designee, is hereby authorized to purchase a Ford F-450 service-body truck with crane.

Section 3. In accordance with the terms and conditions of the Contract, the County Administrator, or designee; is further authorized to execute a purchase order in the amount of \$102,276.00 for the purchase of a Ford F-450 service-body truck with crane from Coggin Ford.

Section 4. To the extent that there are typographical and/or administrative errors that do not change the tone, tenor, or concept of this Resolution, then this Resolution may be revised without subsequent approval by the Board of County Commissioners.

PASSED AND ADOPTED by the Board of County Commissioners of St. Johns County, Florida, this 19 day of December, 2017.

Jeff – As you noted, this is over our budget amount for this vehicle. However, based on your recommendation on not converting several large utility trucks to CNG due to high mileage we will have funds available that were previously going to be used for conversion purposes. Please move forward.

Frank,

I was reviewing the quote for the FY18 F-450 for Dept 4416 and found a few significant errors. The original quote was \$16,976 over budget, but after finding and correcting the errors, we are now \$5,876 over.

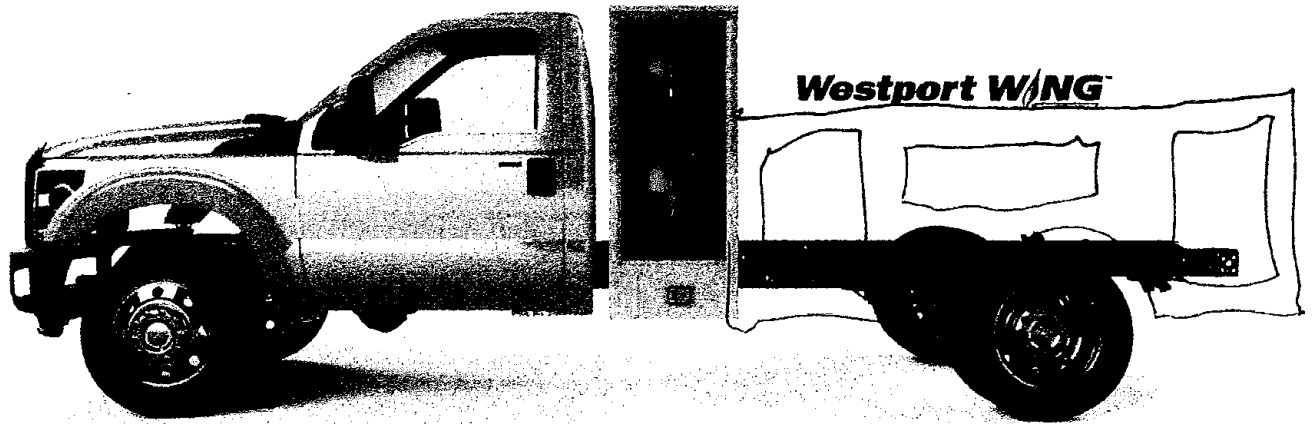

Budget amount is \$96,400. Quote is \$102,276.

Your thoughts?

- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc.

DO NOT remove window price sticker or supplied line sheet.

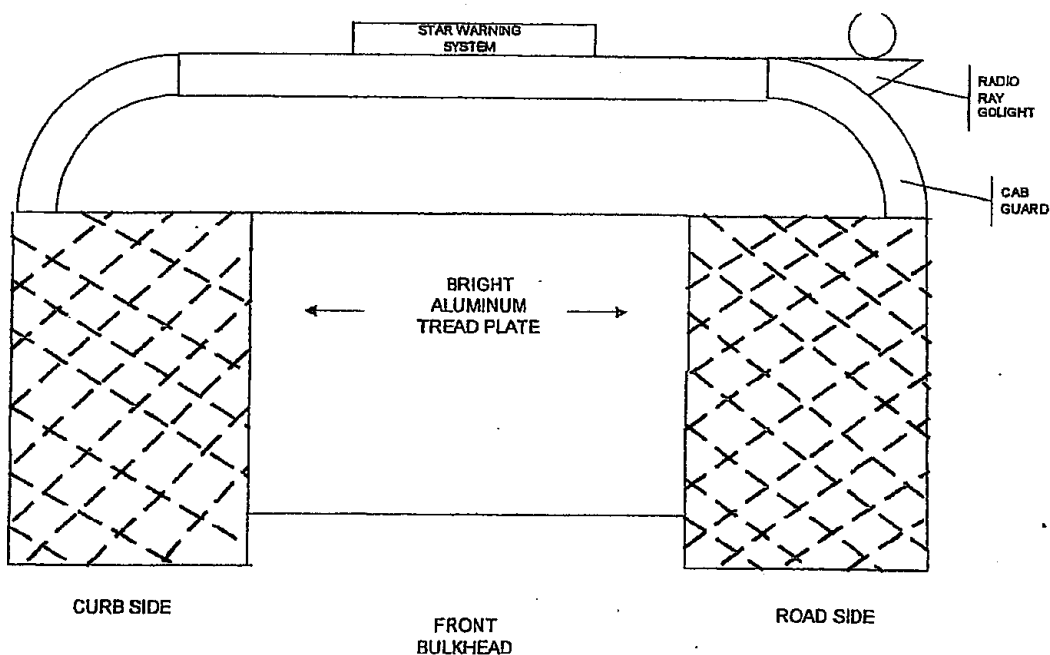

Bid No: 15-28

108" SERVICE BODY SPECIFICATIONS DRW, 60"CA

- General Outside Body Dimensions: 108" Long, 94" Wide, 40" Tall, Compartment Width 21 1/2" and 52" wide between inside of compartment walls.

Front Bulkhead:

- Master Lock System – Master door bar lock security system built into body, with front of bars capable of locking with a padlock and master locking security shields.
- Bright aluminum tread plate gravel guard shall cover complete front body panels.
- Sterling Equipment Manufacturing combination cab guard light bar mount with expanded metal screen with a road side top corner mounted plate with a Radio Ray Go-light wired to a cab mounted on-off switch (up-fitter switch) with a wireless remote controller. A single top center mounted plate (16"X8") with a Star Warning System amber LED flashing light bar, model 9016 controlled from a single switch (up-fitter switch). Cab guard/light bar mount shall be bolt mounted at the front bulkhead.

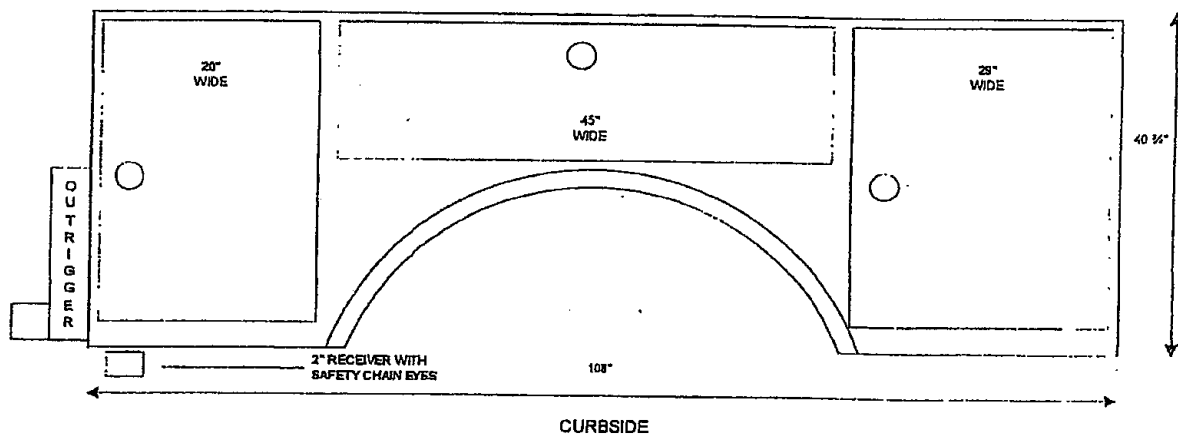

Curb Side Compartments:

- Front compartment 29" wide with 2 stationary shelves with adjustable dividers.
- Horizontal compartment 45" wide shall have (1) stationary divider shelf.

Bid No: 15-28

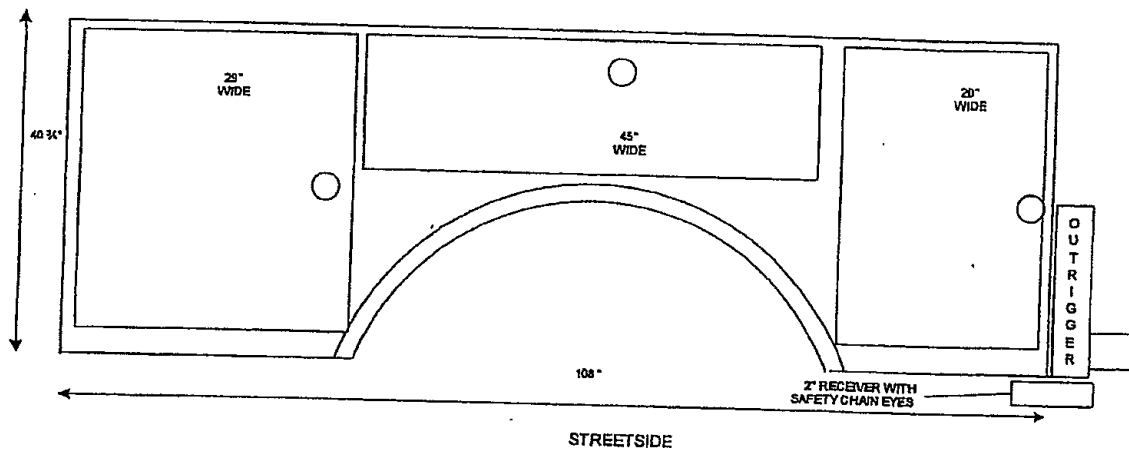

- Rear vertical compartment 20" wide X 35" tall shall be reinforced for mounting a 4,000 lb electric over hydraulic crane, with second 12 volt battery and one stationary shelf. ✓
- 1000w power inverter hard-wired and mounted in rear vertical compartment. ✓
- Crane, 4,000 lb capacity electric over hydraulic at a 4' hook radius with power boom extension from 8' to 16' with 360 degree continuous power rotation with automatic overload protection system with anti-two block system with 80' of 5/16" aircraft quality cable with removable WIRELESS remote control pendant. Crane and mounting shall meet OSHA 1910.180 requirements, ANSI B30.5 safety standards. Boom rest shall be placed on the top of the curbside compartment reinforced to prevent body flex. ✓

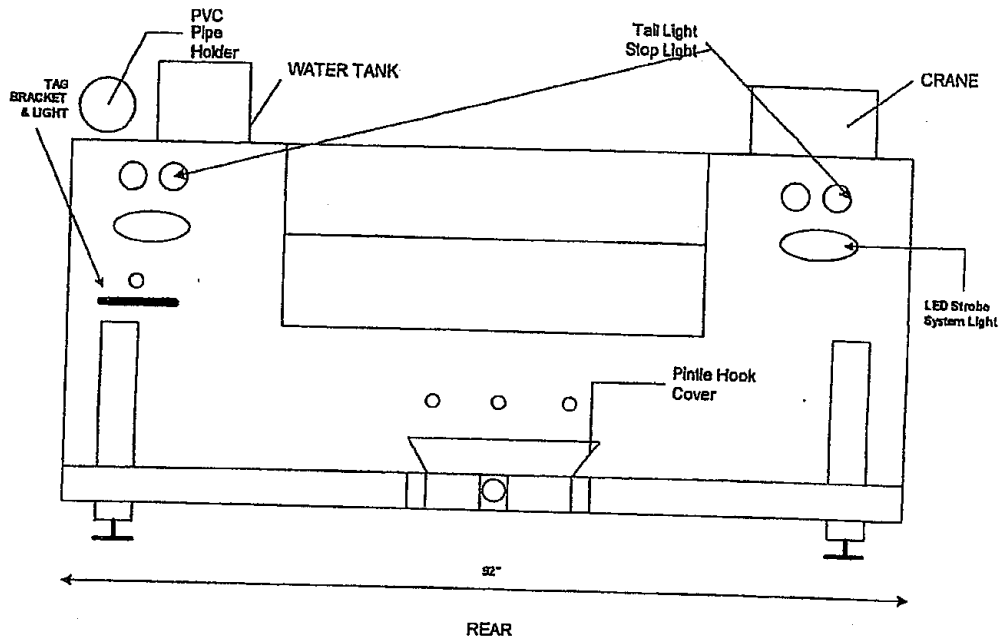

Street Side Compartments:

- Front vertical compartment 29" wide shall have two (2) stationary shelves with adjustable dividers.
- Horizontal compartment 45" wide with no shelves.
- Rear vertical compartment 20" wide X 35" tall shall have one (1) adjustable divider shelf.
- One (1) 14 gal wash water tank model T4016N Chemical Corporation Inc. PO Box 1307, Lake Wales, FL. 33859 (863) 638-1407, with a plastic ball-type on/off spout, bolt mounted on the top left side at rear of compartment.
- One (1) 6" diameter 108" in length PVC pipe storage holder with Blaylock BLI-020 lid, cap and bracket assembly bolt mounted stacked on compartment top.

Bid No: 15-28

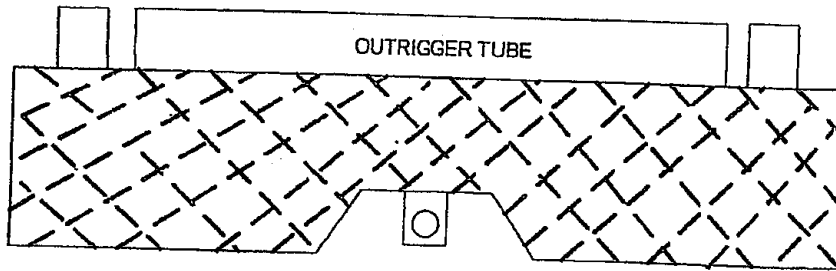

Bid No: 15-28

Rear:

- Heavy duty tailgate, 14 gauge two-sided A40 galvanized steel, double panel doors with hat section reinforcements, with stainless steel slam lock handle with hidden steel support cables capable of supporting 500lbs.
- Outriggers shall be of the same manufacture as the 4,000 lb crane with manual pull out, quick release vertical legs and dual manual cranks. Out riggers while in the stowed position shall not extend beyond the outer most edge of the body and a minimum of 12" above level ground.
- Tread plate bumper shall be 15" deep with reinforced recess with a hinged bumper cover for receiver hitch access.

** VICE MOUNT ON REAR BUMPER*

BUMPER DOWN VIEW

Lighting:

- Lighting to meet all FMVSS standards. Wiring harness to be encased in plastic loom, and all wires colored for ease of troubleshooting. Wire harness must have connectors compatible with Ford, GM, and Dodge chassis without splicing. LED stop, tail, turn, backup lights and amber LED flashing lights shall be mounted in shock-proof, rubber recessed, horizontally high mounted. Stop, tail, and turn lights to be clear back style with amber LED flashing light. License plate bracket and light shall be mounted directly below the amber LED flashing light on the roadside rear body panel at a height as to be visible when a 5 gallon water keg is in place. Identification lamp shall be LED mounted directly below the tailgate. LED side-marker lights are to be recessed in body drip rail for protection. Backup alarm shall be mounted directly below the amber LED flashing light on the curbside. The front amber LED flashing lights shall be mounted in the front grill. Both rear and front LED flashing lights shall be controlled from a single cab mounted switch.

Body and Compartment:

- Body Shell – 14 gauge two-sided A40 galvanized steel. Compartment top and back to be one piece seamless design. All doors, door openings, drop rails, and other exposed steel edges to be hemmed for strength, safety and resistance to corrosion.

Bid No: 15-28

- Floor – Minimum 12 gauge tread plate with 1 3/4" return flange on each side. Side compartment back panel overlaps and interlocks with floor flange, providing support for weight of side compartment. Six (6) flush mounted tie downs spaced three inches from compartment; three each side evenly spaced at 24" apart with first tie down 12" from rear of bed.
- Understructure – 50,000 yield 11 gauge high strength steel cross sills.
- Doors – 20 gauge two-sided A40 galvanized steel double panel doors with hat section reinforcements.
- T-Handles or Rotary Latches – Zinc plated corrosion resistant rotary latches riveted to door with non-corrosive aluminum rivets incorporating stainless mandrels.

- Door Strikers on Rotary Latches – Adjustable security-ring striker affixed to door frame with screws. (Welded door strikers not acceptable).
- Door Seals – Automotive “bulb type” neoprene door seals to be installed by the manufacturer of the body on all door frames.
- Shelving – 18 gauge two-sided G-40 regular spangle galvanized rated to support up to 250 lb. loads.
- Exterior Prime Paint – Body is to be completely immersed in electro deposition gray epoxy prime paint featuring a zinc phosphate precoat and seal for additional corrosion protection. Prime paint is to be oven cured to provide a hard durable finish. Exterior paint color to match cab.
- Interior Paint – Interior paint to be mid-glass, mar resistant, light gray finish.
- Undercoating – Body to be completely undercoated by the manufacturer of the body using minimum five (5) mils of water base acrylic.
- Spray-on Bed Liner for Service Bodies – (Rhino or Line-X or SJC Fleet approved equivalent). Dealer must provide at vehicle delivery the warranty certificate. Protective coating shall be applied to the service-body floor (Minimum of ¼”), continuing vertical up the compartments, bulkhead, continuing over the top (horizontal surface) of the bulkhead and the entire length of both compartments continuing over the outside edge (1 ½” to 2”) and the rear and front of both compartments, including the tailgate, both sides. Protective coating shall be applied inside of both of the horizontal compartment doors to provide protection when in use as a work surface. Protective coating shall be applied to the entire inside surface of the tailgate continuing over the top and outside edge 1 ½” to 2”. Protective coating shall be applied to the rear bumper over both the vertical and horizontal surface.

Bid No: 15-28

TERMS: Net 30 Days

DELIVERY: F.O.B. St. Johns County Fleet Maintenance
2740 Industry Center Road
St. Augustine, FL 32084

All paperwork must be with vehicle at the time of delivery such as Certificate of Origin for a Vehicle (MSO), Florida Department of Highway Safety and Motor Vehicles Application for

2018 Ford F-450 (F4G)

(Alternate Dealer Option)

The Ford F-450 (F4G) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$33,901.00	\$33,901.00	\$34,200.00	\$34,200.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.
