This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

St. Johns County was awarded the Community Development Block Grant (CDBG) funds as an entitlement program in 2016. In the fall of 2016, during what should have been a period of time that the County began to initiate grant setup, Hurricane Matthew struck the eastern coast and was followed by Hurricane Irma in 2017. In addition to damage to businesses and homes in the community, the storms placed additional pressures on the day to day operations of the County. The County office that manages the CDBG program, Housing and Community Development, played a crucial role in the hurricane recovery process. In addition to applying for and acquiring an additional \$1.2 million in the State Housing Initiative Partnership (SHIP) funds for disaster relief, staff was also involved in crucial

elements of outreach during both storms. All told, staff combined existing grant dollars during this time period and utilized approximately \$2,245,378 in SHIP funds to assist 109 households. A Housing Specialist was hired in 2017 to focus on CDBG and the County works with the Jacksonville HUD Field Office to expedite the expenditure of funds. All of the FY 16-17, FY 17-18, and FY 18-19 funded projects are in one of four different phases/processes at the time of this writing: eligibility review, environmental review, contractual development/review, ongoing, or closed.

FY 16-17 CDBG funds were used for the West Augustine Historical Community Development Corporation's (WAHCDC) after-school tutorial program, which served 35 at-risk students during the 2017-2018 school year. FY 17-18 funds were used to purchase five condominiums on behalf of Alpha-Omega Miracle Home, for use as transitional housing for elders and families that have experienced homelessness. FY 18-19 funds were used to fund a homeless prevention project operated by Catholic Charities Bureau, Inc. – St. Augustine Regional Office.

At the time of this writing, FY 18-19, St. Johns County maintained its current stock of affordable housing options by rehabilitating 37 low income owner-occupied homes, utilizing SHIP funds distributed by the State of Florida.

During FY 18-19, the County previously entered into agreements to distribute funds generated as mitigation from the Development of Regional Impact review process for the Affordable Housing Grant. These funds were utilized by various non-profit groups to go toward the creation of, or the eventual creation of 21 affordable housing units and 60-100 beds for individuals attempting to prevent and/or avoid homelessness (Alpha Omega).

St. Johns County also provides an Independent Agency Funding grant through the general fund utilizing an RFP process. For FY 18-19, \$352,403 was committed to 4 non-profits (Betty Griffin House, Emergency Services Homeless Coalition, St. Francis House, and the St. Johns Housing Partnership, etc.) for addressing homelessness and affordable housing needs in St. Johns County.

The County currently funds homeless prevention and rapid re-housing activities through its Social Services Division. The Social Services Division receives and matches Emergency Solution Grant (ESG), Temporary Assistance for Needy Families (TANF), and Challenge grant funds to aid in the prevention of homelessness. During FY 18-19, the County utilized the ESG to assist 26 low-income households, TANF to assist 25 low-income households, and the Challenge Grant to assist 21 low-income households. The County has allocated more than \$500,000 annually, in salary and benefits for staff to carry out re-housing and homeless prevention related activities, \$47,430, which thus far, has assisted 52 households with direct rental assistance costs, and \$17,100 in direct financial assistance, used to assist 23 households, thus far, with utility assistance. Both services are funded directly from general revenue to assist households in crisis.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

St. Johns County developed a Citizen Participation Plan (CPP), approved by the Board of County Commissioners in 2016, to guide the public process of developing the St. Johns County Consolidated and Action Plan. This Citizen Participation Plan was noticed in the local newspaper and published on the County website for a 30 day review and comment period. The CPP required no less than two public hearings to gather citizen input on housing and community development programs funded by the CDBG program. The County sought public participation and input as outlined in the CPP and as follows:

- One public hearing held in association with the Board of County Commissioners' regularly scheduled meeting (July 16, 2019), as well as another public hearing held at the St. Johns Health & Human Services Building, 200 San Sebastian View, Suite 2300, St. Augustine, FL 32084; on June 28, 2019.
- Twelve public hearings, including two technical trainings, and one separate requested public technical training/meeting, were held throughout all areas of the County. The schedule of these hearings was published in the local newspaper and posted on the County website, as well as announced at a number of regularly scheduled community agency meetings that occurred prior to the public hearings. In 2017, The Housing & Community Development offices started an email list designed to notify neighborhood leaders of different community opportunities, and a schedule of the meetings was distributed to this list. St. Johns County utilized different types of media to notify the public of meetings and events associated with CDBG, such as the County's local broadcasting station (GTV), as well as social media sites such as Twitter and Facebook.
- An electronic survey was created to gather citizen and stakeholder input to help determine what programs/projects should be funded. The survey and the notice associated with it, was published on the County website for approximately 3 months. A notice of the survey was also published in the local newspaper and distributed via The Housing & Community Development email list. Paper copies of the survey were made available at various community hearings and at the St. Johns County Health and Human Services offices.
- Staff met with stakeholders and community members and attended local meetings to educate citizens on the consolidated planning process and to encourage citizen participation and input.
- A draft copy of the Annual Action Plan will be made available to the public for a 30 day review and comment period.

Public Notice

St. Johns County Community Development Block Grant Funding, Survey, Meetings, and Application

St. Johns County is giving public notice that it anticipates receiving Community Development Block Grant (CDBG) funds for the 2019-2020 Federal Fiscal Year.

St. Johns County receives CDBG funds as an entitlement community. The CDBG program is administered through the US Department of Housing and Urban Development (HUD) for the benefit of low-to-moderate income residents. St. Johns County may use CDBG funds within the unincorporated areas of the County and within the city limits of St. Augustine Beach. The development and approval of a Consolidated Plan and Annual Action Plans are requirements of receiving CDBG funds.

In accordance with the County's Citizen Participation Plan, citizens are encouraged to participate in the planning, implementation, and evaluation of the CDBG program. Preparing for the 2019-2020 Annual Action Plan involves holding community meetings, a survey of community priorities, a process for soliciting CDBG applications from the community, and application scoring and selection. Through the application process, the County makes a portion of CDBG funds available to the community.

The 2019 Community Hearing Schedule is posted below. At these meetings, information will be provided about the CDBG program; and the Community Survey and CDBG applications will be available to the public. In addition to information on the County's CDBG program, information will be presented on the CDBG-Disaster Recovery program, known as Restore St. Johns. Brochures will be available for homeowners who have unmet needs related to Hurricane Matthew. More information about Restore St. Johns can be found at: www.sicfl.us/restore

The 2019 Community Survey and the 2019-2020 CDBG application are also available on the County website at: <http://www.sicfl.us/Housing/CDBG.aspx>. A paper copy of the survey and application may be obtained Monday – Friday, 8:00 AM – 5:00 PM at the Health and Human Services Department; Suite 2300; 200 San Sebastian View; St. Augustine, FL 32084.

The 2019 Community Survey will close on April 26, 2019. All 2019-2020 CDBG applications must be submitted, as per application instructions, by 4:00 PM on May 3, 2019. Applications will be evaluated and scored by an independent committee at a public meeting at 3:00 PM on May 17, 2019, in the Kingfisher Conference Room, Health and Human Services, 200 San

Sebastian View, St. Augustine, FL 32084. Additional information about the CDBG program can be obtained by calling 904-827-6897 or contacting: glulkoski@sjcfl.us.

At this time, HUD has not informed the County of the amount of CDBG funds that will be available for the 2019-2020 Federal Fiscal Year. Funds for the 2019-2020 Federal Fiscal Year are not expected to be available until after November 2019. For the 2018-2019 Fiscal Year, HUD allocated \$918,973 for St. Johns County.

The County is not obligated to award all funds available during a particular grant cycle. The County reserves the right to reject any and all applications submitted, on the basis that proposed projects do not meet the regulations of the CDBG program, or are not submitted according to instructions or by the submission deadline. HUD prohibits the use of these funds for projects within the city limits of St. Augustine, due to other sources of funding available to the City. Eligible organizations desiring to submit an application for funding must have a representative of the organization attend one of two technical assistance workshops (dates, times, and location are posted below).

Projects proposed in CDBG applications must be aligned with a priority stated in St. Johns County's Five Year Consolidated Plan. The Consolidated Plan includes a discussion of local needs and strategies to meet those needs. The Consolidated Plan was developed with participation from County staff, elected officials, affordable housing and social service providers, and local citizens. As a result of this process, the following priorities were developed:

Priority #1 - Rehabilitation of existing Housing: focus on improving health and safety, code violations, accessibility and sustainability for extremely low-to-moderate income residents below 50% AMI (including but not limited to residents who are elderly, disabled, and veterans).

Priority #2 – Public Facilities and Infrastructure: provision of adequate public facilities and infrastructure to assure the efficient levels of service and enhance the livability of low-to-moderate income neighborhoods.

Priority #3 – Public Services: enhance the living environment of the targeted area by addressing basic needs that were unmet due to economic disparity.

Priority #4 – Homeless Assistance: provide housing and support services to assist individuals and families who are homeless or at risk of becoming homeless.

Priority #5 – Affordable Housing: increase the supply of affordable rental housing available to very low, low, and moderate income residents as well as veterans, elderly, disabled, and homeless persons through new construction or acquisition.

The current Citizens Action Plan, Consolidated Plan, and Annual Action Plan are available for review Monday – Friday, 8:00 AM – 5:00 PM at the Health and Human Services Department at 200 San Sebastian View, Suite 2300. The documents can also be viewed on the St. Johns County website: <http://www.sjcfl.us/Housing/CDBG.aspx>.

PUBLIC NOTICE IS HEREBY GIVEN that St. Johns County has prepared a proposed 2019-2020 Action Plan as required by the US Department of Housing and Urban Development (HUD) to receive Community Development Block Grant (CDBG) funding. St. Johns County receives CDBG funds as an entitlement community for the benefit of low-to-moderate income residents. St. Johns County may use CDBG funds within the unincorporated areas of the County and within the city limits of St. Augustine Beach. The development and approval of a Consolidated Plan and an Annual Action Plan are requirements of receiving CDBG funds.

The Five Year Consolidated Plan was prepared by St. Johns County and includes a discussion of needs and strategies to meet those needs. The Consolidated Plan was developed with participation from County staff, elected officials, affordable housing and social service providers, and local citizens. As a result of this process, the following priorities were developed:

- **Priority #1 - Rehabilitation of existing Housing:** focus on improving health and safety, code violations, accessibility and sustainability for extremely low-to-moderate income residents below 50% AMI (including but not limited to residents who are elderly, disabled, and veterans).

- **Priority #3 - Public Services:** enhance the living environment of the targeted area by addressing basic needs that were unmet due to economic disparity.
- **Priority #4 - Homeless Assistance:** provide housing and support services to assist individuals and families who are homeless or at risk of becoming homeless.
- **Priority #5 - Affordable Housing:** Increase the supply of affordable rental housing available to very low, low, and moderate income residents as well as veterans, elderly, disabled, and homeless persons through new construction or acquisition.

The Annual Action Plan lays out how the funds will be used for qualifying purposes such as projects, programs, and administration. For the 2019-2020 Fiscal Year, HUD allocated \$930,264

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

1. Introduction

To comply with federal requirements, a jurisdiction must consult with community service providers, other jurisdictions, and other entities with a potential interest in, or knowledge of, that jurisdictions housing and non-housing community development issues. The County consulted with many different groups, committees, departments, and organizations to encourage public participation and to identify housing and community development needs. Specifically, the entities listed below were invited to participate in Neighborhood Community Public Hearings, where information was provided about the CDBG Program and feedback was solicited from the entities as to the community's housing and development needs. In addition to the meetings, a survey was posted on the Housing and Community Development webpage for over 90 days. Paper copies of the survey were also available at the neighborhood hearings. The Action Plan will be presented to the public and the Board of County Commissioners at a Public Hearing. Any comments received, either verbally or in writing, will be accepted. A notification process was established to ensure awareness of each stage of the CDBG process. The process includes public notices and announcements on the Housing and Community Development webpage, the local newspaper (The St. Augustine Record), and an optional email list the Housing and Community Development office uses to share helpful information to agencies and individuals. County staff have also engaged in direct correspondence with interested parties.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

Regarding affordable housing needs and impediments to affordable housing, the County enhanced coordination between public and private entities by attending and facilitating several different hearings/meetings with housing providers, public and private agencies, community groups, and advisory boards. Most of these meetings were publically advertised in the local newspaper and published on the County website. The citizen participation process was explained in detail and attendees were encouraged to complete a paper or electronic survey regarding housing and community development priorities. County staff encouraged comment and input from these participants in regards to community housing needs and non-housing community development needs. The County also had a number of informal conversations with a number of service-providers that provided health, mental health, substance abuse, and social services over the last ten months. These agencies are instrumental in identifying housing and social service needs of the community. County staff also attends the Housing Finance Authority (HFA) monthly meetings to gather feedback from profit and non-profit housing service providers/contractors on the community's housing needs and priorities. The Affordable Housing Advisory Committee (AHAC) engages in conversation regarding affordable housing needs and impediments to affordable housing. AHAC has continued to meet, exceeding the minimum statutory requirements, and hosting a variety of educational seminars on affordable housing. The Housing and

Community Development Department also utilizes an email list to share information regarding public meetings, community information, and community development opportunities.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

Currently, the Continuum of Care (CoC) strategic planning subcommittee is meeting to re-evaluate the Continuum's strategy to end homelessness. County staff regularly attend the CoC meetings and one County staff member sits on the CoC Executive Board. Once the strategic plan to end homelessness in St. Johns County is complete, the Consolidated Plan will be amended to reflect the updated needs and strategies to end homelessness.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The St. Johns County CoC anticipates receiving \$225,668 in ESG funding, \$14,250 of which is allocated to St. Johns County Health and Human Services for rapid re-housing and homeless prevention services. The CoC Lead Agency, Flagler Hospital, provides the administrative management for ESG funding, which includes the involvement of the CoC Board and several CoC Committees. The Strategic Planning Committee develops the annual strategic plan, which outlines the CoCs priorities, goals, and outcome measures, and also outlines these metrics for funded agencies. The Scoring and Review Committee is tasked with developing Requests for Proposals (RFPs) for funding, as well as scoring and review tools to determine funding allocations in alignment with the CoCs strategic plan. The Scoring and Review Committee also oversees funded agencies financial and program monitoring. The HMIS/Coordinated Entry Committee is responsible for overseeing the development of policies and procedures for HMIS and Coordinated Entry, as well as ensuring a high level of data quality, and identifying training priorities. The Executive Committee of the CoC Board (Chair, Vice Chair, and Secretary) work closely with the Lead Agency and each committee, to ensure that all objectives are being met, and that the priorities of the St. Johns County CoC are met. County representatives have long maintained a strong presence at the monthly CoC Board and General Membership meetings, as well as on several subcommittees, including the HMIS/Coordinated Entry Committee and the Veterans Committee.

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

In preparation for 2019-2020, St. Johns County held fifteen public hearings. Three of these meetings were mandatory public hearings that included technical assistance for agencies planning to apply for CDBG funding. All of these meetings provided citizens and local nonprofit/service providers an opportunity to express concerns about "gaps in services" that are occurring throughout the community, such as: rehabilitation of existing homes, public facilities and infrastructure, affordable housing, funding for public services with an emphasis on expanding educational and technical opportunities, and economic development. Based on feedback from those meetings and the priorities identified in the Consolidated Plan, St. Johns County decided to continue to focus its goals on addressing: *Priority 1- Rehabilitation of Existing Housing, Priority 2- Public Facilities and Infrastructure, Priority 3- Public Services, Priority 4- Homeless Assistance*.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

St. Johns County anticipates receiving an estimated \$930,973 from HUD, through the CDBG program, during the third program year (October 1, 2019 – September 30, 2020). CDBG entitlement funding is contingent on funding by the Federal government of the United States. In the event that St. Johns County's CDBG funding allocation is unexpectedly affected, either positively or negatively, projects will be awarded proportionally to any funding impacts made by the United States government. These funds will be used to address priority needs, goals, and objectives as recognized by the community and its leaders. However, the County realizes that these funds alone are not sufficient to fulfill the jurisdiction's housing and community development needs. The County will leverage CDBG funds with other state, local, and private resources, as these other funds become available. The County currently funds homeless prevention through its Social Services Division. The Social Services Division has also received, and has matched, Emergency Solution Grant (ESG), Temporary Assistance for Needy Families (TANF), and Challenge grant funds to aid in the prevention of homelessness. The Housing and Community Development Division receives State Housing Initiatives Partnership (SHIP) funds to produce and preserve affordable homeownership and multi-family housing for low to moderate income persons. Since 2017, the County has utilized an email list to share different funding and community development opportunities with its various neighborhood groups and community partners. HUD made available to the County CDBG-CV1 funds, in the amount of \$585,519 - and - CDBG-CV3 funds, in the amount of

\$950,706 - for the purpose of preventing, preparing for, and responding to coronavirus.

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Florida Statutes at Title XI, Section 125.35 (County Authorized to Sell Real and Personal Property and to Lease Real Property), 125.38 (Sale of County Property to United States or State), 125.37 (Exchange of County Property), 125.379 (Disposition of County Property for Affordable Housing) and St. Johns County Ordinance 2011-17, provide guidelines as to the distribution of land owned by the County. The disposition of any County owned land for purposes of addressing the needs identified in this Action Plan are subject to Florida State Statute and County Ordinance.

The County maintains an inventory of lots and properties owned by St. Johns County. Land owned and managed by the County may be sold or donated to entities for the purpose of public and community good. A private entity or non-profit may request to the Board of County Commissioners (BCC) a conveyance or lease of a property. The property may be conveyed or leased, to an applying entity, for a price named by the BCC, regardless of the actual value of the property and pending BCC satisfaction of the proposed use of the property. The land must not be needed for County purposes as determined by the BCC. A number of properties in the inventory have been earmarked for the purpose of expanding affordable housing options. At the time of this writing, staff has developed a procedure by which the County shall distribute these lots in a competitive and equitable manner. This procedure has been approved by the Board of County Commissioners.

Staff also works closely with the St. Johns County Housing Finance Authority (HFA) to develop affordable housing. The HFA oversees the Community Workforce Housing Innovation Pilot (CWHIP) Program and has ownership of various pieces of property centered in West Augustine. The CWHIP grant was completed last year and led to the development of 111 single family residences.

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The allocations and priorities contained in the Consolidated Plan were established by using input received from community meetings, electronic and paper surveys, public hearings, County departments, other municipalities, and advisory groups. The County relies heavily on its Citizen Participation Plan (CPP), approved in 2016. The Housing and Community Development staff exceed the CPP requirements for the minimum number of public hearings (2) to take citizen input. Projects submitted are competitively ranked using the Priorities identified in the Consolidated Plan (SP-25) while utilizing the Affordable Housing Grant process to score applications (<http://www.sjcfi.us/Housing/AHGPOverview.aspx>). Project recommendations are made and accompanied by two public hearings, one of which is a recommendation for final approval by the Board of County Commissioners. Obstacles to addressing underserved needs include the lack of resources to fully address all of the essentials identified in the Goals of the Consolidated Plan.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

West Augustine is a County-designated Community Redevelopment Area (CRA) just west of the City of St. Augustine and is located in an unincorporated area of the County. It is approximately bounded on the north by Ravenswood Drive and west to North Clay Street and crossing over Holmes Blvd. The area extends along Holmes Blvd and South to County Road 207. The eastern border extends between Ravenswood Road and 207 along Whitney Street. The area is approximately 13.01 square miles in size.

The area population total is 12,657, with a minority concentration of approximately 30% Black or African American. According to Census data, 7,700 residents of this area are low-moderate income, which constitutes approximately 60% of the area population. The West Augustine Community Redevelopment Plan was prepared utilizing input from the community to create redevelopment programs that address the priorities expressed in the meeting of the West Augustine CRA Steering Committee. This target area has high priority needs of infrastructure creation or improvements, affordable housing, public service programs, and home repairs for special needs populations and low income residents.

Table 8 – Geographic Distribution

Rationale for the priorities for allocating investments geographically

The allocation of investments in this geographic area is due to a number of factors, including but not limited to, the establishment of the target area, program requirements, project applications, and public input. To comply with CDBG program requirements that at least 70% of funds benefit low and moderate income persons. These target areas also exhibit a need for infrastructure improvements, public services, affordable housing, and home repairs for special needs and low income residents. The Citizen Participation Plan process also directed the County in the identification of needs and establishing priorities of the target areas. An estimated 17% of the '19-'20 allocation will serve LMI individuals with infrastructure for affordable housing, less than 1.5 miles from the West Augustine CRA.

Discussion

Income eligible residents are scattered throughout the County; therefore, in addition to targeted areas,

St. Johns County has also chosen to target individuals who are in need of affordable housing (Priority Need #5 as recognized in the current St. Johns County Consolidated Plan). Individuals selected for the affordable housing projects are expected to be located throughout the County.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

St. Johns County will use FY 19-20 CDBG funds to improve affordable housing (Priority #5-Consolidated Plan) by providing funding for the installation of infrastructure to serve low to moderate income households and an affordable housing community, construction of five affordable rental housing units, and funding for the construction of eight affordable housing units. All potential clients will be asked to complete an application process, meet income requirements, and/or meet the HUD definition of Limited Clientele (LMC).

In addition to the above mentioned project, St. Johns County will use other funding, mentioned elsewhere in this plan, to create affordable housing, as defined by the HOME program, utilizing different leveraged funds.

Discussion

St. Johns County will continue to utilize funding other than CDBG to achieve its affordable housing goals. The County provides funds from its General Fund and a trust fund based entirely of funds that were accumulated from mitigation associated with developments classified as Developments of Regional Impact, to assist with affordable housing and rehabilitation of existing housing stock. The County also receives SHIP dollars, which, according to the County's Local Housing Assistance Plan, may be used to fund disaster-related repairs, new construction, rehabilitation, down payment and closing cost assistance, impact fees, construction financing, acquisition of property for affordable housing, matching dollars for federal housing grants and programs, and homeownership/financial counseling.

Even with these additional resources, the County is not able to meet all of its affordable housing needs. It should be noted that the pressures on affordable housing has grown greater since Hurricane Irma negatively impacted 900+ residential units in St. Johns County in early September, 2017. This after Hurricane Matthew negatively impacted 2,319 residential units when it reached the shores of St. Johns County on October 7, 2016.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

St. Johns County is dedicated to improving the housing opportunities for all of its residents, especially the homeless population, the special needs population, and people who are at risk of becoming homeless. The County, along with other non-profit agencies and other organizations, will continue to provide services and funds to aid in the prevention of homelessness, funds for rapid re-housing programs to house the homeless, and funds for the rehabilitation of homes of low income and special needs persons.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

St. Francis House, an emergency shelter/housing crisis center, will serve as the main point of access for homeless services in St. Johns County by providing 16 beds for men, 12 for women, 4 units for families with minor children, 4 overflow, and 8 beds reserved for the St. Augustine Police Department. St. Francis House also has 16 beds under development for unaccompanied minors.

The County will continue to provide funding, based on availability, for the operation and maintenance of the emergency shelter, transitional housing facilities, and program services provided by these facilities. These facilities provide shelter and supportive services to homeless veterans, homeless families with children, single men and women, including those recently released from incarceration, chronic homeless and victims of domestic violence. St Johns County Continuum of Care (CoC) will continue to address the needs of emergency shelter and transitional housing in our community by continuing to increase the resources available for emergency case management and increasing referrals and placements in permanent housing.

Although transitional housing is no longer a priority in our community, we continue to have programs that assist in transitional housing for those victims of domestic violence, the elderly, and homeless families with children.

Emergency Services and Homeless Coalition (ESHC) Transitional Housing Program provides access for individuals in need of transitional housing in St. Johns County by providing 44 beds (12 units) for families with children. ESHC also has 10 Permanent Houses, of which 8 are for homeless families and 2 are sober living homes while the Alpha-Omega Miracle Home Transitional Housing Program has fluid beds that can be used by both families and individuals. Alpha-Omega has 7 Program units, which can house between 19- 28 residents at any given time, depending on if beds are filled with senior women or with mothers

and their children.

The County will continue to work with the CoC toward a goal of functional zero, whereby every person wanting to exit homelessness will be offered appropriate housing within 30 days. By utilizing our Housing Crisis Center and other Crisis Housing resources for emergency shelter and service linkage, homeless persons will receive the support and services best matched to their circumstances. Transitional Housing will serve, in the interim, for those needing housing while permanent and affordable options are created and/or found.

Last year, utilizing CDBG funds, a Subrecipient agreement was entered into between the County and Catholic Charities Bureau, Inc. – St. Augustine Regional Office, in the amount of \$50,000.00, for the purpose of hiring a case manager to provide assistance to income-eligible households who are homeless or at risk of becoming homeless per standards established by HUD.

By utilizing our Housing Crisis Center and other Crisis Housing resources for emergency shelter and service linkage, homeless persons will receive the support and services best matched to their circumstances. Transitional Housing will serve, in the interim, for those needing housing while permanent and affordable options are created and/or found.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

St. Johns County will assist homeless persons and families to transition into permanent supportive/independent housing by providing financial assistance and case management. The CoC has received ESG funding through HUD, via the State of Florida. This funding will provide rapid re-housing and prevention support to area agencies and organizations. This program will provide financial assistance to homeless individuals/families to regain stability in permanent housing. The financial assistance provided through this source may be used for rent and utility assistance, as well as assistance with rent and utility deposits.

In addition, the County will continue to provide prevention funding for emergency assistance for rent and utilities through its Social Services Division. The County is also supporting a few new projects that will increase the number of permanent supportive housing units in our county.

The County is also a SOAR processor. Individuals can be referred by any community stakeholder to the Social Services Division to initiate the SOAR process. This process assists an individual in securing or restoring SSI/SSDI benefits. The County continues to be a leader in the State for successful applications.

The County was awarded HUD CoC Program NOFA funds, \$17,956 in 2017 and \$17,572 in 2018, to implement a Rapid Rehousing (RRH) Program. This program moves homeless individuals and families into permanent housing as quickly as possible. RRH provides tenant-based rental assistance in a client driven, low-barrier environment.

The County is collaborating with the CoC, and other community stakeholders, to develop strategies to not only increase our affordable and permanent supportive housing stock but also to look at possible funding streams to develop and implement other rental/workforce housing programs. Other options may include a Housing Reentry Assistance Program, as well as other supplementary strategies to

increase the community's resources for permanent supportive housing.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

St. Johns County will utilize local, state and federal funding when available, to support prevention activities designed to help our low-income individuals and families that find themselves at risk of homelessness and needing a hand up.

County Social Services will provide financial assistance in the form of emergency rent and utility payments to those individuals and families at risk of becoming homeless. These prevention funds will target those who would become homeless without the assistance. This support is designed to be a one-time payment, in an 18 month period.

The County will partner with area agencies to refer homeless individuals and families who find themselves stranded, to relocation assistance through the St. Augustine Police Department. This will allow these homeless individuals and families to return home, to out of area relatives.

The County will collaborate with various community partners, to implement a community-wide policy to assist in the discharge of our homeless, to include but not limited to, hospitals, mental health facilities and correctional facilities.

The St. Johns County Family Integrity Program (FIP) has established and implemented a formal protocol for the discharge of youth aging out of foster care. This protocol involves collaboration with the Department of Children and Families (DCF), Independent Living Case Manager through FIP and other partner agencies, to prevent homelessness for these youths. The intent is to have a smooth transition from foster care system to self-sufficiency.

The County and other community stakeholders are currently working closely with the St. Johns County CoC and implemented Coordinated Entry starting in February, 2018. A system has been created that will quickly identify individuals at risk for homelessness, return those experiencing homelessness to stable housing by utilizing Coordinated Intake, and create a by-name listing of all homeless individuals within the St. Johns County CoC. The St. Johns County CoC will assess the needs for additional shelter capacity on an ongoing basis.

Upon the recommendation of the St. Johns County CoC Governance Committee, the St. Johns County Continuum of Care established four county-wide focus areas to end homelessness. The areas identified

were: increase community involvement and awareness, increase service capacity, increase housing stock, and increase the usage and reliability of the data.

In the last fiscal year, a staff member with St. Johns County has been assigned the task of accumulating a list of affordable housing providers, while staff working under the umbrella of the Housing and Community Development Division and the County's Social Services Division work with local landlords to assist clients with housing needs.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

St. Johns County realizes that current housing market conditions present many barriers to affordable housing. These barriers have only worsened with the recent effects of Hurricanes Matthew and Irma. The County continues to implement policies and strategies to maintain and provide affordable housing inventory for residents.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The St. Johns County Comprehensive Plan 2010-2025 Housing Element, states that its purpose is to support the provision and maintenance of an adequate inventory of decent, safe and sanitary housing in a variety of types, sizes and locations throughout the County at affordable costs, to meet the needs of the current and future residents of St Johns County. The Plan provides several objectives as listed below:

- Continuing the housing implementation policies, such as density bonuses, infill housing, and an expedited development review process for affordable housing developments.
- Maintaining existing programs, investigating and implementing new programs, and identifying funding sources that will work toward the elimination of substandard housing.
- Through its Future Land Use Map and its review of the County Land Development Code, shall ensure that County zoning districts include areas for the location of housing for very low to moderate income households, single family homes, mobile homes, manufactured homes, group homes and foster care facilities adequate to meet the needs for these housing types during the planning period
- Provide for uniform and equitable treatment for persons and businesses displaced by state and local government programs consistent with Section 421.55 F.S.
- Improve and maintain the quality and integrity of its residential communities.

In addition, the Affordable Housing Advisory Committee (AHAC) continues to address the impediments to construction of affordable housing within the community. The AHAC is currently in the process of examining barriers and educating the community about the importance of creating and maintaining affordable housing.

The County realizes that public policies can affect the supply and new construction of affordable housing through their impacts on the cost and geographic location of these types of units. The County is dedicated to ensuring that consideration is given to affordable housing developments in areas with close proximity to transportation, employment opportunities and public services. The County will continue its

regular review of existing policies and adjust when needed and appropriate, so that they are not an impediment to affordable housing provision. The County acknowledges new policies may be needed in the future as the affordable housing market changes over time.

Discussion:

The Affordable Housing Advisory Committee (AHAC) continues to meet monthly and work toward solutions for addressing affordable housing.

St. Johns County has also implemented the Affordable Housing Grant Program which provides grants to eligible organizations to fund a wide range of activities to create affordable housing for very low, low, and moderate income residents of St. Johns County.

Research is underway and discussions are being had with administrators, elected officials, and civic leaders associated with both St. Johns County and the City of St. Augustine, concerning ways to address affordable housing needs within the community.

AP-85 Other Actions – 91.220(k)

Introduction:

St. Johns County strives to address the needs of low and moderate income persons, homeless individuals and families, and underserved populations. The majority of the strategies and actions taken by the County are done so in collaboration with non-profit agencies, municipalities, other organizations, and advisory boards/committees. The following actions will outline how the County will address underserved needs, affordable housing, reduce lead-based paint hazards, reduce the number of poverty level families in the County, and develop an institutional structure to ensure the success of activities aimed at low and moderate income persons.

Actions planned to address obstacles to meeting underserved needs

Obstacles to addressing underserved needs include the lack of resources to accomplish the identified goals and needs. The County will take the following actions to address those obstacles:

- Provide support to homeless individuals and families, and other underserved populations, by allocating funds to non-profit agencies that provide support to those populations
- Promote cooperation between agencies by participating in different coordinating bodies in St. Johns County, such as but not limited to, the Continuum of Care, the Affordable Housing Advisory Committee, Health and Human Services Advisory Council, and the Housing Finance Authority
- Search and apply for new funding from Federal and/or State sources
- Address infrastructure deficiencies in low to moderate income areas through CDBG funding

Actions planned to foster and maintain affordable housing

The St. Johns County Affordable Housing Advisory Committee (AHAC) has the responsibility of reviewing and assessing established policies and procedures, ordinances, land development regulations, as well as the local government comprehensive plan, and recommending specific action or initiatives to encourage or facilitate affordable housing. The AHAC is required to furnish a report outlining recommendations to the State of Florida once every three years. At the end of 2016, a report was submitted to the Florida Housing Finance Corporation that served as a recommendation to the St. Johns County Board of County Commissioners that addressed 12 possible incentives addressing affordable housing. The incentives addressed were as follows:

- The processing of approvals of development orders or permits, as defined in Florida Statute 163.3164(7) and (8), for affordable housing projects is expedited to a greater degree than other projects.
- The modification of impact-fee requirements, including reduction or waiver of fees and

alternative methods of fee payment for affordable housing.

- The allowance of flexibility in densities for affordable housing.
- The reservation of infrastructure capacity for housing for very-low-income persons, low-income persons, and moderate-income persons.
- The allowance of affordable accessory residential units in residential zoning districts.
- Reduction of parking and setback requirements for affordable housing.
- The modification of street requirements for affordable housing
- The establishment of a process by which a local government considers, before adoption, policies, procedures, ordinances, regulations, or plan provisions that increase the cost of housing.
- The preparation of a printed inventory of locally owned public lands suitable for affordable housing.
- The support of development near transportation hubs and major employment centers and mixed-use developments.
- Homebuyer Programs/Advocacy
- Economic Impact

The AHAC continues to meet and with their support, staff continues to research their recommendations, or other actions that are similar, in an effort to promote affordable housing initiatives to the St. Johns County Board of County Commissioners.

Actions planned to reduce lead-based paint hazards

Actions to address lead-based paint hazards and to increase access to housing without lead-based paint hazards are supported by the Florida Department of Health (DOH), through integrated partnerships and programs administered by local county health departments. Public health programs administered by the DOH-St. Johns County Health Department include, but are not limited to, the following:

(1) Surveillance and Epidemiology: Tracking and follow-up of reportable conditions, such as lead exposure, as well as case management, including risk screenings and home assessments, as needed;

(2) Environmental Public Health: Inspection of limited-use drinking water systems and timely water quality monitoring related to lead and other contaminants; environmental health education;

(3) Public Health Practice and Policy: One of our many community partnerships, the St. Johns County Health Leadership Council convenes the triennial Community Health Assessment (CHA), which uses a formal method to identify key issues in our community (i.e. safe housing, transportation, etc.) and community health status data (i.e. lead poisoning rates, access to community water systems, etc.). DOH-St. Johns partners with the federally funded Head Start program by serving as a seasonal co-location site to allow for comprehensive screenings (i.e. child development and lead exposure) to children ages 3 to

5.

(4) Healthy Start (a Maternal and Child Health Program): Registered nurses review screenings of pregnant moms and infants then, as needed, conduct home visits which include a safety assessment (i.e. for potential sources of lead exposure) and child developmental screenings. Through the Nurse Case Management Model, those clients living in housing with LBP hazards are provided guidance on how to reduce exposure and if needed, are provided information on how to access safe housing.

(5) Community Linkages: Because many residents still associate DOH-St. Johns with primary care services/lab testing services, residents frequently contact our Nurse Triage Call Center for referrals/linkages to lead testing locations within the community.

Actions planned to reduce the number of poverty-level families

The County's poverty-reducing goals and policies are established by the Board of County Commissioners which governs and provides direction to all County departments administering poverty-reducing programs. Coordination between departments is facilitated through collaborative planning efforts, participation on coordinating bodies, and program-specific partnerships. St. Johns County has overall objectives and policies in the Comprehensive Plan that are geared toward poverty reduction. Objective A.1.9 and related policies address mixed use development, Objective A.1.11 and related policies address efficient and compact development, Objective A.1.13 and related policies address community and neighborhood creation and preservation, Objective A.1.21 and related policies address economic development, Objective A.2.1, applies to the Northwest Sector which allows for an economically diverse area and Objective A.3.1 which apply to the Town Center design which allows for economically diverse areas. In addition to the above the County will continue to:

- Upgrade the Community Redevelopment Area (CRA) Housing Stock, which predominantly provides for low income persons and continues its efforts to develop low to moderate income rental housing stock.
- Inventory all surplus County-owned land, foreclosed properties, and in-fill opportunities that could be used to promote affordable housing provision and production. A number of properties in this inventory have been earmarked for the purpose of expanding affordable housing options within the county and County staff is currently developing a procedure by which the County shall distribute these lots in a competitive and equitable manner.
- Strategically work with developers, community members, and various boards and groups seeking to develop affordable housing projects close to major employment centers and available amenities.

Actions planned to develop institutional structure

St. Johns County has a fairly strong institutional delivery system that manages and delivers services from

community programs. There are a number of public and private agencies within the County that participate year round in the provision of housing, public services, economic development services, homeless services, and other community development activities, including: capital improvements, public facilities and infrastructure. The County also has several groups that collaborate continually to lobby for resources to alleviate identified gaps within the community. These groups include, but are not limited to: Health and Human Services Advisory Council (HHSAC), Health Leadership Council, Behavioral Health Consortium, Continuum of Care (CoC), Housing Finance Authority (HFA) and the Affordable Housing Advisory Committee (AHAC). Each of these groups has representatives from various agencies that provide services for the institutional delivery system within the County. As such, communication between agencies is frequent, goal oriented and aimed at resolving needs and gaps identified within the County. The following are currently underway or will begin during the program year:

- The Comprehensive Needs Assessment is complete and available for review as Flagler Hospital, Department of Health St. Johns County, Health and Human Services Advisory Council, and the Behavioral Health Consortium collaborated on an updated assessment aimed at identifying gaps related to healthcare, mental health, substance abuse and other socio-economic concerns.
- The Continuum of Care is in the final stages of completing an updated 10 year Strategic Plan to End Homelessness.
- County staff has implemented the Affordable Housing Grant to address the affordable housing needs of the County. At the time of this writing, 4/29/19, 3 projects have been completed:
- Renovation of three freestanding housing units which were vacant or being used as office space and converted them to residences (Emergency Services and Homeless Coalition of St. Johns County, Inc.),
- Provided infrastructure to develop a residential subdivision which will provide a minimum of 18 affordable residences on property located in West St. Augustine on vacant land lacking full vehicular access and necessary infrastructure (Habitat for Humanity),
- Paying for site plans, environmental costs, and the start of underground/above-ground infrastructure associated with a twenty-five thousand square foot, sixty to one-hundred bed housing campus (Alpha Omega).

Actions planned to enhance coordination between public and private housing and social service agencies

St. Johns County will continue to partner and work with multiple public and private housing and social service agencies to address the housing and community development needs of low and moderate income residents. The County is an active participant in the CoC, the Health and Human Services Advisory Council, the Affordable Housing Advisory Committee, the Housing Finance Authority, and other committees that coordinate with service providers, private organizations, and other stakeholders. The County will also continue to fund non-profit organizations that provide social services and housing

facilities to residents in need.

Discussion:

St. Johns County works with St. Johns County Legal Aid, located in St. Augustine, FL, for technical assistance with implementing Fair Housing. In 2018, St. Johns County Housing and Community Development staff hosted a training, provided by St. Johns County Legal Aid, for County staff regarding Fair Housing and tenant/landlord rights. The training was primarily attended by staff from both the Housing Department and the Social Services Department. Representatives from other non-profits were also in attendance. This training was provided so that those who participated could provide better information and knowledge to the residents of St. Johns County. The hope is that participants are better able to discern between what is a Fair Housing issue and a civil issue between parties, and provide references to individuals who are in need of assistance.

Housing staff continues to attend trainings, both locally and in Jacksonville, FL in an effort to stay versed on renter rights, local supply issues, and possible grant opportunities for individuals who require assistance with rent, utility deposits, and eviction avoidance.

St. Johns County Community Development Block Grant (CDBG) Proposed Substantial Amendment to the 2019-2020 Annual Action Plan

Notice to Citizens: St. Johns County receives Community Development Block Grant (CDBG) funds as an entitlement community. This program is administered through the U.S. Department of Housing and Urban Development (HUD) for the benefit of low/moderate income residents. St. Johns County uses CDBG funds within the unincorporated areas of the County and within the city limits of St. Augustine Beach. The County has prepared a 2016-2020 Consolidated Plan and a 2019 Annual Action Plan as required by HUD to receive CDBG funding. The Consolidated Plan specifies priorities for the CDBG program. The Annual Action Plan establish projects for how the funds will be used for qualifying purposes. St. Johns County is now considering a Substantial Amendment to its 2019-2020 Annual Action Plan.

Consolidated Plan: The Five Year Consolidated Plan was prepared by St. Johns County and includes a discussion of needs and strategies to meet those needs. It was developed with participation from County staff and elected officials, affordable housing and social service providers, and local citizens. Various public hearings, meetings, and discussions were held to obtain citizen input on community needs. As a result of this process the following priorities were developed:

- **Priority #1-Rehabilitation of Existing Housing-**Focus on improving health and safety, code violations, accessibility and sustainability for extremely low to moderate individuals (including but not limited to elderly, disabled and veterans) below 50% AMI.
- **Priority #2- Public Facilities and Infrastructure-** Provision of adequate infrastructure and public facility to ensure their operation at an efficient level of service and enhance the livability of low- and moderate income neighborhoods.
- **Priority #3 - Public Services-** Public service provided will enhance the living environment of the targeted population by addressing basic needs that they do not have nor the economic means to adequately provide for themselves.
- **Priority #4 -Homeless Assistance-** Provide housing and support services to assist individuals and families who are homeless or at risk of becoming homeless.
- **Priority #5 -Affordable Housing-** Increase the supply of affordable houses for sale and affordable rental housing available to very- low, low, moderate, and middle-income residents as well as veterans, elderly, disabled, and homeless persons through new construction or acquisition.
- **Priority #6 -Economic Development-** Promotion of Economic Development activities to respond to general needs and to respond to the impact of COVID-19.

Proposed change to the 2019-2020 Annual Action Plan: CARES Act funds have recently been made available to the County for Economic Development activities. Therefore, it is proposed to re-allocate to Affordable Housing projects \$744,212 that is currently allocated for CDBG Economic Development. It is also proposed that \$109,549.27 of unused Planning and Administration funds will be re-allocated to Affordable Housing projects. The re-allocation of funds to Affordable Housing is being considered due to the impact the COVID-19 pandemic has had on local housing needs.

Public Comment Period: As required by HUD, the proposed Substantial Amendment to the 2019-2020 Annual Action Plan is available for review Monday – Friday, 8:00 AM – 5:00 PM at the Health and Human Services Department at 200 San Sebastian View, Suite 2300, St. Augustine, FL 32084. Public Notice

**Proposal to Use Community Development Block Grant (CDBG) Funding
to Mitigate Economic Impacts Caused by COVID-19
by Establishing a Small Business Recovery Program
and Proposed Amendments to the Citizen Participation Plan,
2016-2020 Consolidated Plan, and the 2019-2020 Annual Action Plan**

St. Johns County hereby gives public notice of a proposal to mitigate the economic impact caused by COVID-19 by establishing a CDBG-funded Small Business Recovery Program. The US Department of Housing and Urban Development (HUD) provides St. Johns County with an annual allocation of CDBG funding that can be used for a variety of community development needs. In addition to the annual CDBG allocation, in April 2020, HUD made available to the County supplemental funding to be used specifically for the purpose of preventing, preparing for, and responding to coronavirus.

The Coronavirus Aid, Relief and Economic Security Act (CARES Act) is the Federal legislation that makes supplemental CDBG funding available and specifies the requirements for the use of this funding. This supplemental funding is referred to as CDBG-CV. Additionally, the CARES Act provides the County with flexibilities that make it easier to use CDBG-CV grants, as well as fiscal years 2019 and 2020 CDBG Grants, for response to COVID-19. A Public Notice published on April 11, 2020 stated that the County reserved the right to use flexibilities offered by HUD, if those flexibilities aided the County in being more agile and efficient in its response to COVID-19.

To address the HUD-approved flexibilities resulting from the CARES Act, St. Johns County proposes to add the following two paragraphs to page 11 of the Citizens Participation Plan:

During times of Federal or State declared emergencies, the County reserves the right to use any waivers, flexibilities, or provisions granted by HUD, when such provisions are aimed at increasing the County's flexibility or efficiency to respond to emergency situations and to expedite the use of grant funds.

In response to the COVID-19 crisis, HUD approved waivers to certain requirements to allow the County to safely and rapidly respond to the crisis. One HUD-approved waiver the County reserves the right to use is limiting public meetings held for the purpose of informing citizens about the planning, implementation, and evaluation of the CDBG program and soliciting questions and comments from the public. Limiting public meetings is intended to reduce the spread of COVID-19 during gatherings of people. Another HUD-approved waiver the County reserves the right to use is reducing the Public Comment period for substantial amendments to the Consolidated Plan

and Annual Action Plan from 30 days to no less than 5 days. This waiver is intended to make the County more agile in implementing activities in response to the COVID-19 crisis.

The County proposes to establish a CDBG-funded Small Business Recovery Program to offer grants and/or loans to small businesses located in St. Johns County. The program is intended to assist eligible business with capital expenses, such as payroll and rent, with the intended result of retaining jobs and retaining tax-paying business; thereby, mitigating the economic impact of COVID-19 on the citizens of St. Johns County.

The County proposes to use the following grant funds, totaling \$2,125,994, to operate the CDBG-funded Small Business Recovery Program:

- \$585,519 allocated through CDBG-CV
- \$744,212 from the 2019 CDBG allocation
- \$796,263 from the 2020 CDBG allocation

Funds from the 2019 CDBG allocation will be made available for the CDBG-funded Small Business Recovery Program by repurposing funds that had been originally reserved to support affordable housing projects. This decision is based on the extreme negative impact that the COVID-19 crisis is expected to have on our citizens and the local economy. Affordable Housing remains a priority goal for the County; therefore, alternative methods of funding these Affordable Housing projects with future CDBG funds will be considered.

For the County to establish the CDBG-funded Small Business Recovery Program, a substantial amendment to the 2016-2020 Consolidated Plan and a substantial amendment to the 2019-2020 Annual Action Plan must be made, as outlined and required in the County's Citizens Participation Plan.

The County proposes to amend the 2016-2020 Consolidated Plan by adding a Priority Goal for Economic Development. The County proposes to amend the 2019-2020 Annual Action Plan by adding a Goal and Project for Economic Development. The proposed goal for Economic Development is supported by section 105(a)(17) (42 U.S.C. 5305(a)(17)); 24 CFR 570.203(b), which authorizes provision of assistance to private, for-profit entities, when appropriate to carry out an economic development project.

In accordance with the County's Citizen Participation Plan, citizens are encouraged to participate in the planning, implementation, and evaluation of the CDBG program. Citizens are encouraged to comment on the use of the waivers mentioned above as well as the proposed amendment to the Citizens Participation Plan and the proposed substantial amendments to the 2016-2020 Consolidated Plan; and 2019-2020 Annual Action Plan.

All questions and comments related to the CDBG program may be mailed to 200 San Sebastian View, Suite 2300, St. Augustine, FL 32084, or emailed to housing@sjcfl.us, or given verbally by calling 904-827-6890. A written response will be given within 15 days, to all written questions or comments received.

Current versions of the Citizens Participation Plan, 2016-2020 Consolidated Plan, and the 2019-2020 Annual Action Plan can be viewed at <http://www.sjcfl.us/Housing/CDBG.aspx>. The drafts containing the proposed amendments to Citizens Participation Plan, 2016-2020 Consolidated

Plan, and the 2019-2020 Annual Action Plan can also be viewed at <http://www.sjcfl.us/Housing/CDBG.aspx>.

Final action will be taken on the proposed amendments to the Citizens Participation Plan, the 2016-2020 Consolidated Plan, and the 2019-2020 Annual Action Plan, at the regularly scheduled meeting of the Board of County Commissioners to be held at 9:00 a.m. on May 5, 2020. These amendments will provide the authority for the County to pursue the development and implementation of the CDBG-funded Small Business Recovery Program.

Meetings of the Board of County Commissioners take place in the County Auditorium, located at 500 San Sebastian View, St. Augustine, FL 32084. Citizens may offer public comments at this meeting. Accommodations have been made to provide for social distancing at meetings of the Board of County Commissioners. Citizens may also offer public comments about the proposed actions via telephone, during this meeting, by calling 904-209-1265. Public Notice

**Public Notice of Intent to Use Waivers of
Community Development Block Grant (CDBG) Program Requirements
to Prevent the Spread of COVID-19,
Mitigate Economic Impacts Caused by COVID-19,
and the Extension of the CDBG Application Deadline**

St. Johns County hereby gives public notice that it reserves the right to use waivers approved by the US Department of Housing and Urban Development (HUD) regarding the administration of the Community Development Block Grant (CDBG). Public Notice is also given that the due date for the submission of the 2020-2021 CDBG application has been extended.

The waivers approved by HUD were made available to entitlement communities, such as St. Johns County, for the purpose of preventing the spread of COVID-19 and to pursue options to mitigate the economic impacts caused by COVID-19.

The CDBG program is administered through HUD, for the benefit of low-to-moderate income residents. The development and approval of a Consolidated Plan and Annual Action Plans are requirements of receiving CDBG funds.

In accordance with the County's Citizen Participation Plan, citizens are encouraged to participate in the planning, implementation, and evaluation of the CDBG program. The Citizens Participation Plan also states that the County will provide a thirty-day public notice prior to making a substantial amendment to the Consolidated Plan.

One approved waiver the County reserves the right to use is limiting public meetings held for the purpose of informing citizens about the planning, implementation, and evaluation of all aspects of the CDBG program and soliciting questions and comments from the public. Suspending public meetings is intended to reduce the spread of COVID-19 during gatherings of people. The public is encouraged to continue to ask questions and provide comments on all facets of the CDBG program via US mail, email, and phone calls.

All questions and comments related to the CDBG program may be mailed to 200 San Sebastian View, Suite 2300, St. Augustine, FL 32084, or emailed to glulkoski@sjcfl.us, or given by calling 904-827-6890.

Another approved waiver the County reserves the right to use is reducing the Public Comment period for substantial amendments to the Consolidated Plan from 30 days to 5 days. This waiver

1

is intended to make the County more agile in implementing activities in response to the COVID-19 crisis.

At this time, the County is preparing for the 2020-2021 Annual Action Plan. Through the application process, the County makes a portion of CDBG funds available to the community. On January 28, 2020, the County announced a process for soliciting CDBG applications and a process for scoring and selection of applications to be funded.

The due date for CDBG applications has now been extended to 4 PM on May 1, 2020. As stated in the application instructions, in order for an organization to be eligible to submit an application, a representative of that organization must attend a scheduled technical assistance workshop. All technical assistance workshops for 2020 have been concluded. The County reserves the right to make additional modifications to this deadline in response to COVID-19.

Applications received by the deadline will be evaluated and scored by a committee. The meeting to evaluate applications has been postponed to 3 PM on May 15. Typically, this type of evaluation meeting is a public meeting. However, the County reserves the right to utilize the waiver mentioned above to suspend the public meeting, in an effort to reduce the spread of communicable disease. All documents related to the evaluation and scoring meeting are public records available to the public, upon request. The County also reserves the right to make additional modifications to this deadline and requirements associated with this deadline in response to COVID-19.

As stated in the public notice issued on January 28, 2020, the County is not obligated to award all funds available during a particular grant cycle. The County also reserves the right to reject any and all applications submitted and may use its discretion to determine the amount of funds to be made available to respond to the COVID-19 crisis. At this time, no decisions have been made about the use of CDBG funds and/or the use of applicable waivers to mitigate the impact of COVID-19. By the methods described above, the community is encouraged to ask questions and provide comments on this and all actions related to the CDBG program.

In accordance with the Americans with Disabilities Act, persons needing a special accommodation to participate in the CDBG program should contact the ADA Coordinator at 904-209-0650. Deaf and/or hard-of hearing individuals may use Telecommunications Device for the Deaf (TDD): 904-209-0650, or the Florida Relay Service: 800-955-8770. CDBG information is provided in English. If you require a translator, please call 904-209-0650. To request services, please notify the County at least five business days prior to need for services.

3. What housing and community development programs and projects would you like to see in St. Johns County?

I think there needs to be more available shelter type beds for homeless individuals regardless of their willingness to receive services as that they are not finding the shelter and park benches. There are already plenty of mental health and substance use services, but individuals are not taking advantage of them. There needs to be affordable rental units for individuals on fixed incomes as there currently is almost nothing in this county and the "affordable" apartments are not that affordable. There needs to be lost newborns department and more involvement of our current ones. There needs to be a case investigation team to our at-risk and at-risk patients and something should be done about those as we can't accommodate the new growth. In order to support home buying or renting of any kind there needs to be work done to develop higher paying careers and jobs in this community and not just low wage positions which will not support a household. There do not necessarily have to be professional degree requiring jobs but can be factory or other type work that provides a salary and benefits people can live on and invest in living and remaining in St. Johns County.

3. What housing and community development programs and projects would you like to see in St. Johns County?

Affordable housing is a must! Stop development with the exception of affordable housing. It's all about density! What do you want your community to look like. Nothing smaller than half acre lots. Need affordable apartments, possibly tenant based rental assistance for extremely low income and low income individuals and families. Need housing for our low income seniors. Community centers and parks.

St. Johns County Lead Based Paint

Policies and Procedures

The presence of lead-based paint in housing units constructed prior to January 1, 1978, is a concern in any housing rehabilitation or demolition project and must be addressed. Housing units assisted with CDBG funding must comply with the Federal regulations in 24 CFR Part 35 and be addressed as part of the environmental review of the project. The Housing Program is required to include an assessment of the presence of lead-based paint in their environmental documentation submitted to the federal government. If lead-based paint is present, the safe containment, mitigation or removal and disposal of the lead-based paint must be addressed.

The subparts of 24 CFR 35 that apply to the Disaster Recovery program are:

- Subpart A—Disclosure of Known Lead-based Paint and/or Lead-based Paint Hazards Upon Sale or Lease of Residential Property
- Subpart B—General Requirements and Definitions
- Subpart J—Rehabilitation
- Subpart K—Acquisition, Leasing, Support Services, or Operation
- Subpart R—Methods and Standards for Lead-Based Paint Hazard Evaluation and Reduction Activities

Exemptions to 24 CFR 35 Subparts B, L, K and R are described in 24 CFR 35.115:

- Residential construction that was completed on or after January 1, 1978;
- A zero-bedroom dwelling unit, including a single room occupancy dwelling unit;
- Housing exclusively for elderly or persons with disabilities, unless a child under the age of six resides or is expected to reside in the dwelling unit;
- Residential property in which all lead-based paint has been identified, removed, and clearance has been achieved in accordance with the requirements outlined in 24 CFR 115(5);
- An unoccupied dwelling unit or residential property pending demolition that will remain unoccupied until demolition;

- Property or a part of a property that will not be used for human residential habitation, except entryways, hallways, corridors, passageways, or stairwell serving both residential and nonresidential uses in a mixed-use property shall not be exempt;
- Any rehabilitation that does not disturb painted surfaces;
- Emergency actions immediately necessary to safeguard against imminent danger to human life, health, or safety, or to protect property from further damage (occupants must be protected from exposure to lead in dust and debris generated from the emergency actions to the extent practical); or
- Property seized by a Federal law enforcement agency, which the agency has owned for less than 270 days.

In addition:

- Subpart K does not apply if assistance being provided is for emergency rental assistance or foreclosure prevention assistance. This exemption expires no later than 100 days after initial payment or assistance.
- Required evaluation or lead-based paint hazard reduction or lead-based paint abatement on an exterior painted surface is delayed due to weather conditions or unsuitable conventional construction activities.
- If requested by the State Historic Preservation Office, property is listed or has been determined to be eligible for listing on the National Register of Historic Places or contributing to a National Register Historic District, interim controls and maintenance and reevaluation must be conducted as required in 24 CFR 35.115(13).

For more information, please review 24 CFR 35.115.

Subparts B, J K, and R are referred to as the Lead Safe Housing Rule. The Lead Safe Housing Rule requires different approaches to addressing lead-based paint hazards in different housing rehabilitation projects based on the amount of funding assistance. The funding levels are: up to and including \$5,000 per unit, more than \$5,000 up to and including \$25,000 per unit and more than \$25,000 per unit. The method for calculating these threshold amounts can be found in 24 CFR 35.015 and the applicable evaluation and hazard reduction requirements are located in 24 CFR 35.930.

1. Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. **Maximum Feasible Priority.** With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency, because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. **Overall Benefit.** The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) _____ [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. **Special Assessments.** It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and

2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

his 2021-59

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, J, K and R.

Compliance with Laws -- It will comply with applicable laws.

Public Notice

Proposal to Change the use of CDBG-CV3 Funding to Mitigate Impacts of COVID-19 and a Proposed Substantial Amendment to the 2019-2020 Annual Action Plan

St. Johns County hereby gives public notice of the proposed change of strategies used to mitigate the impacts of COVID-19 and the resulting amendment to the 2019-2020 Annual Action Plan.

HUD provides St. Johns County with an annual allocation of CDBG funding to be used for a variety of community development needs. In addition to the annual CDBG allocation, HUD has made available to the County, supplemental funding through the Coronavirus Aid, Relief and Economic Security Act (CARES Act). This funding is to be used specifically for the purpose of preventing, preparing for, and responding to coronavirus.

The CARES Act is the Federal legislation that makes supplemental CDBG funding available and specifies the requirements for the use of this funding. This supplemental funding, in the amount of \$950,706, is referred to as CDBG-CV3. Additionally, the CARES Act provides the County with flexibilities that make it easier to use CDBG-CV3 funding for response to COVID-19. A Public Notice published on April 11, 2020 stated that the County reserved the right to use waivers offered by HUD, if those waivers aided the County in being more agile and efficient in its response to COVID-19.

In regard to planning and use of CDBG-CV3 funding, St. Johns County intends to use the HUD-approved waiver limiting public meetings held for the purpose of informing citizens about the planning, implementation, and evaluation of the CDBG program. Another HUD-approved waiver that the County intends to use is reducing the Public Comment period for substantial amendments to an Annual Action Plan from 30 days to no less than 5 days. The use of these waivers is intended to promote public safety and allow for rapid implementation of activities in response to the COVID-19 crisis.

Each year, the County is required to submit to HUD an Annual Action Plan that demonstrates how funding will be used for a variety of community development activities. HUD required St. Johns County to apply for the CDBG-CV3 allocation of \$950,706.00 through a substantial amendment the 2019-2020 Annual Action Plan. A substantial amendment is required when additional community development activities are added to the Annual Action Plan.

On February 2, 2021, the St. Johns County Board of County Commissioners approved Resolution 2021-59 which stated that all CDBG-CV3 funding would be used to develop Public Service activities, to respond to the impact of COVID-19. The Public Service activities included legal aid, eviction assistance, foreclosure prevention assistance, tenant/landlord counseling, rental assistance, subsistence payments, and case management.

The current proposed substantial amendment to the 2019-2020 Annual Action Plan would reduce the amount of CDBG-CV3 funding available for Public Service activities to \$150,000.00. The reason for this decrease is due to the County having other sources of funding available to provide Public Service activities.

The proposed substantial amendment to the 2019-2020 Annual Action Plan would allocate the remaining CDBG-CV funding of \$800,706.00 to enhance and expand the County's Health and Human Services building located at 200 San Sebastian View, St. Augustine, FL 32084.

HUD encourages the use of CDBG-CV funds to improve public facilities that provide medical care and social services to the community, and provides guidance to grantees desiring to make such improvements. HUD stipulates that improvements to public facilities must increase long-term resiliency and mitigate future impacts of coronavirus.

In accordance with the County's Citizen Participation Plan, citizens are encouraged to participate in the planning, implementation, and evaluation of the CDBG program. Citizens are encouraged to comment on the use of the waivers mentioned above as well as the proposed amendment to the 2019-2020 Annual Action Plan.

All questions and comments related to the CDBG program may be mailed to 200 San Sebastian View, Suite 2300, St. Augustine, FL 32084, or emailed to housing@sjcfl.us, or given verbally by calling 904-827-6890. A written response will be given within 15 days, to all written questions or comments received. The public comment period will end on July 20, 2021.

Final action will be taken on the proposed substantial amendment to the 2019-2020 Annual Action Plan at the regularly scheduled meeting of the Board of County Commissioners to be held at 9:00 a.m. on July 20, 2021.

Meetings of the Board of County Commissioners take place in the County Auditorium, located at 500 San Sebastian View, St. Augustine, FL 32084. Citizens may offer public comments at this meeting. Meetings can be viewed on Comcast cable channel 3, or online at <http://www.sjcfl.us/GTV>.

Dear Mr. Pinnix,

St. Johns County wishes to inform the US Department of Housing and Urban Development (HUD) of the decision to make a Substantial Amendment to the 2019-2020 Community Development Block Grant (CDBG) Annual Action Plan, as a substantial amendment is required when community development activities are modified or added to the Annual Action Plan.

This Substantial Amendment to the 2019-2020 Annual Action Plan is for the purpose of reallocating CDBG-CV3 funds in the amount of \$950,706. On February 2, 2021, the St. Johns County Board of County Commissioners approved Resolution 2021-59 which stated that all CDBG-CV3 funding would be used to develop Public Service activities in response to the impact of COVID-19; for the purpose of preventing, preparing for, and responding to the coronavirus.

The Substantial Amendment and the related public process are described below:

SUBSTANTIAL AMENDMENT: The Substantial Amendment 2019-2020 Annual Action Plan includes the following changes:

1. The original amount budgeted for the Public Service activity, which includes programs such as legal aid, eviction assistance, foreclosure prevention assistance, tenant/landlord counseling, rental assistance, subsistence payments, and case management, was \$300,000. However, the current proposed substantial amendment to the 2019-2020

Annual Action Plan would reduce the amount of CDBG-CV3 funding available for Public Service activities to \$150,000.00. The reason for this decrease is due to the County recognizing alternative sources of funding available to provide the aforementioned Public Service activities.

2. The proposed substantial amendment to the 2019-2020 Annual Action Plan would allocate the remaining CDBG-CV3 funding of \$800,706.00 to enhance and expand the County's Health and Human Services building located at 200 San Sebastian View, St. Augustine, FL 32084. HUD encourages the use of CDBG-CV3 funds to improve public facilities that provide medical care and social services to the community, and provides guidance to grantees desiring to make such improvements. HUD stipulates that improvements to public facilities must increase long-term resiliency and mitigate future impacts of coronavirus.

The changes noted above will be reflected in the following IDIS screens for the amended 2019-2020 Annual Action Plan:

1. **AP-35 Projects - 91.220(d):** A fifth project will be added as CV3 - Public Facilities Improvements.
2. **AP-38 Project Summary:** For project No. 4, identified as CV3 - Public Services, the CDBG CV3 Funding will be reduced to \$150,000.00. Public Service activities include: to respond to the impact of COVID-19, which may include legal aid, eviction assistance, foreclosure prevention assistance, tenant/landlord counseling, rental assistance, subsistence payments, and case management.
3. **AP-38 Project Summary:** For project No. 5, identified as CV3 - Public Facilities Improvement, the CDBG-CV3 Funding will be \$800,706.00. Public Facilities Improvements activities include: improving public facilities that provide medical care and social services to the community; improvements that increase long-term resiliency and mitigate future impacts of coronavirus.
4. **AP-50 Geographic Distribution - 91.220(f):** information will be updated to reflect the new funding allocations.

CITIZEN PARTICIPATION: In accordance with 24 CFR 91.105(c)(3), citizens are encouraged to participate in the planning, implementation, and evaluation of the CDBG program. Citizens are encouraged to comment on the proposed amendment to the 2019-2020 Annual Action Plan. The proposed Substantial Amendment to the 2019-2020 Annual Action Plan has been available for review, from June 11, 2021 to July 20, 2021, Monday – Friday, 8:00 AM – 5:00 PM at the Health and Human Services Department at 200 San Sebastian View, Suite 2300, St. Augustine, FL 32084. Public Notice regarding this action was published in the St. Augustine Record and posted in seven (7) community locations.

Current versions of the Citizens Participation Plan and the 2019-2020 Annual Action Plan can be viewed on the County website's Housing and Community Development page at <http://www.sicfl.us/Housing/media/1920CDBGAnnualActionPlan.pdf>, and the draft of the

proposed substantial amendment to the 2019-2020 Annual Action Plan can also be viewed at [Community Development Block Grant \(sjcfl.us\)](#).

PUBLIC HEARINGS: Final action will be taken on the proposed substantial amendment to the 2019-2020 Annual Action Plan at the regularly scheduled meeting of the Board of County Commissioners to be held at 9:00 a.m. on July 20, 2021.

Meetings of the Board of County Commissioners take place in the County Auditorium, located at 500 San Sebastian View, St. Augustine, FL 32084. Citizens may offer public comments at this meeting. Meetings can be viewed on Comcast cable channel 3, or online at <http://www.sjcfl.us/GTV>.

Sincerely,

Jeremiah Ray Blocker, Chair
