Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

St. Johns County is rich in history and opportunity. Nestled between the St. Johns River and the Atlantic Coast it is a fast-growing community and is home to over 200,000 residents. There is growing diversity in population, arts, commerce, industries, and it is becoming a leading County to live, work, and play.

As an entitlement jurisdiction under the United State Department of Housing and Urban Development (HUD), St. Johns County receives federal funds from the Community Development Block Grant (CDBG) based on the in-population size, concentration of poverty, socioeconomic, and demographic data. Every year HUD requires entitlement communities like St. Johns County to develop and submit an Annual Action (AAP). St. Johns County's 2021-2025 Consolidated Plan is carried out through its Annual Action Plan, which provides a concise summary of the actions, activities, and the specific federal and non-federal resources that will be used annually to address the priority needs and specific goals identified by the 2021-2025 Consolidated Plan.

The County's 2021-2025 Consolidated Plan as approved by HUD, identified and analyzed community, social, economic needs, especially within low to moderate income (LMI) communities and multi-year goals were established to address those needs. Goals and strategies were based on an assessment of housing and community development needs, and an analysis of housing and economic market conditions and available resources.

Like the 2021-2025 Consolidated Planning process, the Annual Action Plan process is collaborative in nature and through this collaboration with community members, nonprofit organizations, social service agencies, and other key stakeholders, it establishes comprehensive, strategic, and collaborative goals to improve, address, and encourage growth within the County.

Beyond a requirement to comply with federal regulation, the Annual Action Plan provides an opportunity for the County to engage with residents and key stakeholders to assess the needs of our community and shape community development, housing and economic development programs, and strategies to respond to the need.

As an entitlement community, St. Johns County is expected to receive an annual allocation of CDBG funds. While adhering to all applicable federal regulation, the County must utilize this funding opportunity to address community needs with regard to affordable housing, and community and economic development objectives over the next one-year period.

The Annual Action Plan as mandated by the U.S. Department of Housing and Urban Development (HUD), outlines the County's affordable housing and community development needs and identifies strategies for addressing them.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items, or a table listed elsewhere in the plan, or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis, or the strategic plan.

St. Johns County deployed a comprehensive community engagement campaign along with data provided by American Community Survey (ACS), Comprehensive Housing Affordability Strategy (CHAS) Data, and Community Planning and Development Mapping Services to create the footprint for this Annual Action Plan. Federal regulations require that Community Development Block Grant funds primarily low- and moderate-income persons in accordance with the following HUD objectives:

1. Provide decent housing;
2. Establish and maintain a suitable living environment; and
3. Provide expanded economic opportunities.

These objectives are combined with three performance outcomes categories and measurement statements:

1. Accessibility;
2. Affordability, and
3. Sustainability.

St. Johns County has identified various activities they intend to utilize to achieve the objectives and associated outcomes required by HUD. The County intends to focus investments on the following eligible areas:

1. Public Facilities and Infrastructure
2. Public Services
3. Affordable Housing and Homeless Services
4. Home Repair

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

St. Johns County first became an entitlement community for the 2016-2020 Consolidated Plan cycle. Staff worked remarkably hard to build out the CDBG Program by developing policies and procedures, cultivating relationships with nonprofit organizations and social service agencies and other community partners, expending the funding on eligible activities which were reported on in the CAPERS, envisioning the possibilities of future investments, and responding to natural disasters and a global pandemic.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

St. Johns County has developed a Citizen Participation Plan (CPP) to guide the public process of developing the Annual Action Plan. Citizen participation was encouraged and solicited in the planning process through advertisements in the local newspaper and on the County website followed by a 30-day review and comment period. The CPP required no less than two public hearings to gather citizen input on housing and community development programs funded by the CDBG program. The County sought public participation and input as outlined in the CPP and as follows:

- Held public hearings in association with the regularly scheduled meeting of the Board of County Commissioners.
- Held four (4) public hearings during the planning process. The schedule of these meetings was published in the local newspaper and posted on the County website.
- An electronic survey was created to gather citizen and stakeholder input to help determine what programs/projects should be funded. The survey was published on the County website and notice of the survey was published in the local newspaper. Paper copies of the survey were made available at various County locations and during community meetings.
- Staff met with stakeholders and community members and attended local meetings to educate citizens on the planning process and to encourage citizen participation and input.
- A draft copy of the Annual Action Plan was made available to the public for a 30-day review and comment period. It was introduced during an advertised public hearing.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

Public comments were received at public hearings, and many of our residents and key stakeholders participated in our survey (all responses can be referenced in the attached document). A majority of the public comments received indicated that there is a substantial need for affordable housing, public services in underserved areas, and housing rehabilitation countywide. The surveys are attached for review, with key areas being supported for homelessness, after-school activities, home repairs for people with special needs, including the elderly, people with disabilities and veterans, improved public

safety, cost of living, support for disabled veterans, roadways in poor repair, upgrades to parks and recreational facilities, and public transportation.

6. Summary of comments or views not accepted and the reasons for not accepting them

All public comments were accepted and considered consistent with the 5-year Consolidated Plan and activities that address social services, housing, and community-based infrastructures. The survey was made avail to all residents, internal and external social agencies, planning, transportation, parts and recreations, and other stakeholders.

7. Summary

St. Johns County values and encourages the input and participation of its citizens, stakeholders, and community members affected by, or involved with, any housing and community development projects. By utilizing the citizen participation process and by consulting with public service providers, advisory committees, other County departments, and community development corporations, the County was able to gather valuable feedback that helped identify the goals and objectives in the Plan. The County will leverage its CDBG funds with other federal, state, local, and private dollars to meet the goals and objectives discussed in the Annual Action Plan.

PR-05 Lead & Responsible Agencies – 91.200(b)

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

1. Introduction

St. Johns County is committed to taking resident input into consideration for the development of the PY2022 Annual Action Plan for the U.S. Department of Housing and Urban Development. Residents, especially low-income or potentially marginalized residents in LMI areas, were strongly encouraged to participate in the survey and public hearings. County staff, officials, and consultants met with many different groups, committees, departments, and organizations to encourage public participation to identify housing and community development needs.

The meeting details were published on our website and local media outlets for at least fifteen (15) days prior and the survey was published on our website via Survey Monkey and made available in paper form for over thirty (30) days.

Public comment is also encouraged when the document is in the draft stage. All public input is considered and made a part of the Plan. All comments received verbally or in writing will be accepted. The final document must be approved by the Board of County Commissioners prior to submitting the 5-year Consolidated Plan to HUD.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

The County coordinates with many different organizations and service providers, including but not limited to:

Email communications, interagency meetings (Zoom and in-person), conference calls and consultations with St. Johns County Social Services, Flagler Hospital office of Care Connect in St. Johns County, Salvation Army, Home Again (Non-profit agency serving the homeless in St. Johns County) and others. Staff also attended annual Fair Housing Trainings.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

At present, the Lead Agency is Flagler Health+. In our shared goal of ending homelessness within our community, County staff and elected officials have regular contact with the Continuum of Care (CoC) to ensure coordination of meaningful goals. Staff attend the CoC meetings, and one (1) staff member sits on the CoC Board.

One way we can coordinate efforts and share data is through the use of the Homeless Management Information System (HMIS), which provides a higher standard of collecting client-level data for the critical populations that are being served daily. The populations being affected cross race, color, nationality, sex, religion, and disability of individuals and families who are experiencing homelessness or at risk of becoming homeless.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

Substantial consultation with the St. Johns County area homeless service providers and clients is essential for collecting data and creating meaningful outcomes for individuals and families. To fully address the needs of the homeless members of our community, County staff have regular contact with the CoC. This involves ESG allocations performance standards, evaluation of outcomes, as well as the development of funding, policies, and procedures for the administration of HMIS. This ongoing communication and collaboration centered on strategic goals as part of the Annual Action Plan development process and will continue even upon the completion, submission, and approval of the PY2022 annual Action Plan.

The County does not receive a direct allocation of ESG from HUD, but rather applies for funding from the State. ESG is designed to support the first steps in homeless prevention and assisting people experiencing homelessness to transition toward safe and healthy living situations. ESG funds can be used by emergency shelter operators and other service providers for activities such as street outreach, homelessness prevention, rapid re-housing, and data collection.

The County believes housing is a human right and we envision a community where all people have access to safe, stable, and affordable housing.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities

It is anticipated that the program will remain focused with those objectives that are further complimented by the adopted 5-year Consolidated Plan.

Identify any Agency Types not consulted and provide rationale for not consulting

St. Johns County has been wholly inclusive of all agency feedback. No agencies or types of agencies were excluded from participating or providing input in the process of preparing the PY2022 Annual Action Plan.

LHAP - Local Housing Assistance	St. Johns County Housing and Community Development	Both recognize the severe shortage of affordable housing

Table 3 – Other local / regional / federal planning efforts

Narrative (optional)

Citizen engagement and participation is a key factor in determining how the funding should be allocated within our community. St. Johns County is committed to considering all input is received in a collaborative and cooperative manner for a fully comprehensive approach. The County seeks citizen engagement via community meetings, surveys, consultations, focus groups, and Public Notices according to our Citizen Participation Plan.

AP-12 Participation – 91.105, 91.200(c)**1. Summary of citizen participation process/Efforts made to broaden citizen participation
Summarize citizen participation process and how it impacted goal-setting**

In accordance with the Citizen Participation Plan, St. Johns County actively engaged residents, community members, and key stakeholders to assist with the identification of community needs and influence goal setting. A summary of the activities for the development of the County's PY2022 Annual Action Plan include:

- **Four (4) Public Hearing were held in March and April, 2022.** The hearings were publicized on the County's website and in the local newspaper. As per HUD Citizen Participation requirements, the County accepted comments up to 30 days after the date of the formal Public Hearing.
- **Surveys were solicited.** Citizens were invited to participate in a Survey to gain insight on priorities and Fair Housing issues. The Surveys were made available electronically and in paper form for 30 days.
- **2nd Public Hearing was held in June, 2022.** The hearing was publicized through the resources mentioned above. The County will accept comments up to 30-days.

Drafts of the PY2022 Annual Action Plan were posted on the County's website for its 30-day comment period and hard copies were made available at County offices. Citizens, public agencies, or other interested parties wishing to comment were encouraged to submit comments verbally or in writing. Input from the community, including comments received from individual citizens as well as agencies, is highly valuable and contributed to the establishment of housing and community development goals.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

St. Johns County anticipates receiving \$1,022,927 in Community Development Block Grant funds from the U.S. Department of Housing and Urban Development for the second program year (October 1, 2022 – September 30, 2023) of the five-year consolidated plan cycle; these funds will be used to address priority needs, goals, and objectives. The County realizes that these funds alone are not sufficient to fulfill the jurisdiction's housing and community development needs. To help address the gap, the County will be leveraging HUD funding to the maximum extent possible with other state, local and private alternative funding sources which may include a Section 108 Application. The County currently provides general revenue to operate the Housing and Community Development Division of Health and Human Services and has established a Housing Trust fund, which has the ability to be utilized to develop much warranted affordable and workforce housing. The County also funds homeless prevention and rapid re-housing activities through its Social Services Division. The Social Services Division receives and matches Emergency Solutions Grant (ESG), Temporary Assistance for Needy Families (TANF), and Challenge grant funds to aid in the prevention of

homelessness.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

St. Johns County will receive \$2,708,433 in FY2022-2023 from the Florida Housing Finance Corporation for the State Housing Initiatives Partnership (SHIP Program). There are not matching requirements for SHIP funding, however, leverage of funds is encouraged. The SHIP

program provides funds to local governments as an incentive to create partnerships that produce and preserve affordable homeownership and multi-family housing. The program was designed to serve very low-, low-, and moderate-income families. SHIP dollars may be used to fund emergency repairs, new construction, rehabilitation, down payment and closing cost assistance, impact fees, construction financing, acquisition of property for affordable housing, matching dollars for federal housing grants and programs, and homeownership counseling.

In an effort to address the funding gap, the County applies for competitive federal, state, and foundation grants when the application criteria align with our goals and staffing capacity. These funds can be used to expand existing programs, develop new programs to address unmet needs in the community, or as leverage for other funding sources. Given that these additional funding sources are competitive, the amount and uses are unknown at this time.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Florida Statutes at Title XI, Section 125.35 (County Authorized to Sell Real and Personal Property and to Lease Real Property), 125.38 (Sale of County Property to United States or State), 125.37 (Exchange of County Property), 125.379 (Disposition of County Property for Affordable Housing) and St Johns County Ordinance 2011-17 provide guidelines as to the distribution of land owned by the County. The disposition of any County owned land for purposes of addressing the needs identified in this Consolidated Plan are subject to Florida State Statute and County Ordinance.

The County maintains an inventory of County owned lots and properties. Land may be sold or donated to entities (non-profits and municipalities) for public and community interest purposes upon receipt of a request to the Board of County Commissioners (BCC) for the conveyance or lease of the property. Pending BCC satisfaction with the proposed use of the property, and provided that the land is not needed for county purposes, it can be conveyed or leased to the applying entity for a price named by the BCC, regardless of the actual value of the property.

St. Johns County will consider and encourage proposals that will redevelop publicly owned property to meet the needs of the community. The County maintains an inventory of County owned lots and properties. Upon receipt of a request to the Board of County Commissioners (BCC) for the conveyance or lease of property, these lots and properties may be sold or donated to entities (non-profits and municipalities) for public and community interest purposes. St. Johns County Ordinance 2011-17 provides guidelines as to the distribution of land owned by the County. The disposition of any County owned land for purposes of addressing the needs identified in this Consolidated Plan are subject to Florida State Statute and County Ordinance.

Discussion

Creativity, local funding, collaborative partnerships, and possibly Section 108 funding are all necessary if we are to achieve larger impact projects.

Projects

AP-35 Projects – 91.220(d)

Introduction

The PY2022 Annual Action Plan identifies a total of four (4) projects to be funded by the CDBG program. These projects include public services, infrastructure, homeless activities, and home repairs/rehabilitation, as well as allowable administrative costs. The projects identified will be completed no later than September 30, 2023, the end of the jurisdiction’s second program year of the 2021-2025 Consolidated Plan.

The priorities and allocations were established based on citizen and stakeholder participation in the Survey and the most recent Census data. St. Johns County will continue to support area non-profit agencies and participate with the Continuum of Care homeless providers to meet the needs of underserved residents within our community. Access to sufficient funding to meet the needs of our community’s underserved remains a primary obstacle. Incoming funding from Federal, State, and local sources is not sufficient to meet all the needs identified by our residents and the data trends.

Pending approval by the County Commission, Staff has requested to fund a public service program for low-to moderate-income residents through the Girl Scouts of Gateway Council in the amount of \$101,250; emergency repair, spot or full house rehabilitation of existing housing for extremely low-to-moderate income veteran residents below 50% AMI through Operation Lifeline, Inc. in the amount of \$120,000; an affordable housing and homeless assistance program to increase the supply of affordable housing available to very low, low, and moderate income residents, as well as veterans, elderly, disabled, and homeless persons through acquisition through the St. Johns Housing Partnership in the amount of \$250,000; public infrastructure and public facilities to enhance the livability of low- to-moderate income neighborhoods and assure efficient levels of community services and safety through the proposed new construction Hastings Community Center and Library Project in the amount of \$347,091; and Planning and Administration expenses in the amount of \$204,585.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

St. Johns County has low- and moderate-income families and individuals residing throughout the County with minority concentrations and aging housing in the West Augustine area and infrastructure needs in the Hastings/Flagler Estates areas, in addition to needs county-wide. Funding will be distributed throughout the county for social service and housing programs. All proposed CDBG-eligible activities under the 2021-2025 Consolidated Plan are intended to serve low- to moderate income households and special needs populations.

Target Area	Percentage of Funds
Elkton/Armstrong	15%
West Augustine	14%
Flagler Estates	0%
Hastings	15%
Countywide	56%

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The County has established priorities and allocations based on citizen and stakeholder input as well as Census data trends. The County intends to invest the funds in communities identified as areas of greatest need with the potential for positive changes in the lives of our residents. To comply with CDBG program requirements, at least 70% of funds benefit low- and moderate-income households. The majority of funding will be used for infrastructure and public facilities that supports the expansion of public safety and the creation/preservation of existing housing units in LMI areas to address housing affordability for our most vulnerable households, and social services/public services to meet non-housing needs.

Discussion

St. Johns County has the benefit of serving urban, suburban, and rural areas within the county lines. Each of these different community types means our residents have a variety of choices in places to live, work, and play, but it also presents challenges when trying to address the diverse needs of our residents when there are varying non-financial resources in each of the areas. The citizen and stakeholder input were used to support prioritization of not only the different needs but also the different geographical areas.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

The St. Johns County 2021-2025 Consolidated Plan identified the need of affordable housing for our very low to moderate income residents. The Plan also identified the need to repair the existing aging housing stock ensuring our residents have access to decent, safe, affordable housing options. The PY2021 Annual Action Plan provided funding for the rehabilitation of existing housing for residents at or below 50% AMI, including but not limited to residents who are elderly, disabled, and veterans. This PY2022 Annual Action Plan provides funding for the rehabilitation of existing housing for veteran residents at or below 50% AMI.

Discussion

St. Johns County is committed to increasing the affordable housing available to our residents. In addition to the CDBG investment, the County will leverage resources from other sources to assist with the affordable housing goals, including indirect assistance from the General Fund to assist with affordable housing and rehabilitation of existing housing stock. The County also receives State Housing Initiative Program (SHIP) dollars, which may be used to fund emergency repairs, new construction, rehabilitation, down payment and closing cost assistance, impact fees, construction financing, acquisition of property for affordable housing, matching dollars for federal housing grants and programs, and homeownership counseling. However, it should be noted, even with these additional sources, the County is not able to meet all its affordable housing needs.

AP-60 Public Housing – 91.220(h)

Introduction

St. Johns County does not have a public housing authority or public housing. Residents wishing to apply for public housing must apply for a voucher through Jacksonville Housing Authority (JHA) in neighboring Duval County to the north. There has been no indication that the County will pursue acquiring public housing in the near future.

Actions planned during the next year to address the needs to public housing

St. Johns County does not have public housing, so this is not applicable to the jurisdiction.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

St. Johns County is dedicated to improving the housing opportunities for all its residents, especially, the homeless population, special needs population, and people at risk of becoming homeless. The County, along with area non-profit agencies and organizations, will continue to provide services and funds to aid in the prevention of homelessness, provide funds for rapid re-housing programs to house the homeless, and provide funds for the rehabilitation of homes of low income and special needs persons.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

St. Johns County is a growing community with homeless needs; unfortunately, our population has not reached the level for a direct allocation of Emergency Shelter Grant (ESG) funds or HOME Investment Partnership funds. We will seek to receive ESG and other funding from the State of Florida and other sources, but our efforts are presently limited to the activities we can undertake solely with our Community Development Block Grant (CDBG) funding. The County's goals for the PY2022 Annual Action Plan continue to include a focus on affordable housing and supportive services to help vulnerable residents remain housed.

Through collaboration with the Continuum of Care, along with other organizations, St. Johns County will utilize many avenues to provide outreach and education to the homeless population, including those who are unsheltered. St Johns County CoC has identified "Street Outreach" as an important role in our county's plight to end homelessness. Currently, the Street Outreach program is operated by St. Francis House and has been very successful since its implementation in 2016. The outreach efforts include initially assessing the homeless individual/family's needs to provide the appropriate housing and supportive services referrals.

In addition, the Street Outreach program will assist in the identification of unsheltered individuals and the areas in which they live. The objective of Street Outreach is to reduce the number of unsheltered homeless persons on the street by providing engagement and essential services, ensuring everyone has a path to permanent housing. The program can assess each individual by identifying their most critical needs and helping them to navigate to those resources in an expeditious manner. The outreach program will assist these individuals in accessing much needed support services in the areas of medical care, employment, assistance in applying for state, federal and local programs to help meet their needs and will assist with the rapid re-housing of these individuals.

Eligible clients will be served using a program model that brings services to the client. This includes

providing services in homeless encampments, parks, streets, libraries, and/or other frequented areas identified by Street Outreach workers. After an initial intake is completed, advocates will provide basic care services, including food, clothing, shelter, or connections to medical care if necessary. After attending to immediate basic needs, advocates will complete a service or goal plan with client input and participation.

Addressing the emergency shelter and transitional housing needs of homeless persons

The County will continue to provide funding, based on availability, for the operation and maintenance of the emergency shelter, transitional housing facilities, and program services provided by these facilities. These facilities provide shelter and supportive services to homeless veterans, homeless families with children, single men and women, including those recently released from incarceration, chronic homeless, and victims of domestic violence. St. Johns County CoC will continue to address the needs of emergency shelter and transitional housing in our community by continuing to increase the resources available for emergency case management, and by increased referrals and placements in permanent housing.

Although transitional housing is no longer a priority in our community, we continue to have programs that assist in the transitional housing for those victims of domestic violence, the elderly, and families with children who are homeless.

The County will continue to work with the CoC toward a goal of functional zero whereby every person wanting to exit homelessness will be offered appropriate housing within 30 days. By utilizing our Housing Crisis Center and other Crisis Housing resources for emergency shelter and service linkage, homeless persons will receive the support and services best matched to their circumstances. Transitional Housing will serve in the interim for those needing housing while permanent and affordable options are created and/or found.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

St. Johns County will assist homeless persons and families to transition into permanent supportive/independent housing by providing financial assistance and case management. The CoC is currently in the second year of a three-year funding contract with DCF. This funding provides rapid re-housing and prevention support to area agencies and organizations. Programs will provide financial assistance to homeless individuals/families to regain stability in permanent housing. The financial

assistance may be used for rent and utility assistance, as well as assistance with rent and utility deposits.

In addition, the County will continue to provide prevention funding for emergency assistance for rent and utilities through its Social Services Division if funding remains available.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

When available, St. Johns County will utilize local, state, and federal funding to support prevention activities designed to help our low-income individuals and families that find themselves at risk of homelessness and needing a hand up.

The County will partner with area agencies to refer homeless individuals and families who find themselves stranded, to relocation assistance through the St. Augustine Police Department. This will allow these homeless individuals and families to return home to out of area relatives.

The County and other community stakeholders work closely with the St. Johns County CoC in retooling our homeless response system by transforming homeless services to crisis response systems that prevent homelessness, whereby creating a system that will quickly identify and prevent homelessness, quickly return those experiencing homelessness to stable housing by utilizing county-wide Coordinated Intake, Assessment and Prioritization, and create a By Name listing of all homeless individuals within the St. Johns County Continuum of Care. St. Johns County CoC will assess the needs for additional shelter capacity on an ongoing basis.

Discussion

As previously mentioned, St. Johns County does not receive a direct entitlement allocation of Emergency Shelter Grants (ESG). The County will continue to apply for funds from the State of Florida and support the Continuum of Care to the greatest extent possible.

The St. Johns County CoC is guided by the following vision and mission:

Vision: Believing housing is a human right, we envision a community where all people have access to safe, stable, and affordable housing.

Mission: The Continuum of Care leads the effort to prevent and end homelessness, bringing together

resources and partnerships to make homelessness rare, brief and one time.

Through the Continuum of Care strategic planning sessions, community stakeholders established four priorities and four strategies to address homelessness in St. Johns County. The Continuum of Care is working on the following priorities: ensuring that homelessness is rare, homelessness is brief, homelessness is one time, and sustaining an end to homelessness. The strategies and goals of the St Johns County CoC Strategic Plan provides a foundation for collective action.

The first strategy is to increase permanent housing options. Goals within this strategy include using a housing first philosophy, advocating for local, state, and federal policies which increase affordable housing, and prioritizing funding applications that offer permanent housing opportunities.

The second strategy is to strengthen the Coordinated Entry System. To do this, the CoC will need 100% participation by homeless services providers in coordinated entry. The CoC will also need to enhance coordinated entry to better serve households experiencing homelessness and improve the processes and performance of the Coordinated Entry System.

The third strategy is to improve overall performance of the Continuum of Care. There are four goals within this strategy. To improve the overall performance, the CoC needs to strengthen the Homeless Management Information System (HMIS), make data driven decisions, increase nonprofit capacity for agencies serving households experiencing homelessness, and identify and address gaps in service to strengthen the crisis response system.

The last strategy is to strengthen the leadership of the crisis response system. To do that, the CoC Lead Agency and Governance Board will need to increase capacity. The CoC will also need to implement a marketing and education plan.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

St. Johns County realizes that current housing market conditions present many barriers to affordable housing. The County continues to implement policies and strategies to maintain and provide affordable housing inventory for residents.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The St. Johns County Comprehensive Plan 2010-2025 Housing Element states that its purpose is to support the provision and maintenance of an adequate inventory of decent, safe, and sanitary housing in a variety of types, sizes, and locations throughout the County at affordable costs to meet the needs of the current and future residents of St Johns County. The Plan provides several objectives as listed below:

- Continuing the housing implementation policies such as density bonuses, infill housing and an expedited development review process for affordable workforce housing developments
- Maintaining existing programs, investigating new programs, and identifying funding sources that will work toward the elimination of substandard housing, improve aesthetic qualities of existing houses, and encourage improvements that reduce energy and water consumption
- Through its Future Land Use Map and its review of the County Land Development Code shall ensure that County zoning districts include areas for the location of housing for very low-, low- and moderate-income households, single family households, single family homes, mobile homes, manufactured homes, group homes, and foster care facilities adequate to meet the needs for these housing types during the planning period
- Continue to implement its existing Land Development Code regulations which further the identification and protection of historically significant structures and districts.
- Review all existing codes and ordinances and adopt appropriate regulations which address conservation, rehabilitation, or demolition of housing.
- Provide for uniform and equitable treatment for persons and businesses displaced by state and local government programs consistent with Section 421.55 F.S.
- Improve and maintain the quality and integrity of its residential communities. Strategies to achieve this include: encouraging the development of residential neighborhoods which are sustainable, which provide for networks of interconnected streets for both pedestrian and vehicular use, which address aesthetics, architecture, and urban design, and which discourage sprawl; coordinating with local law enforcement agencies to promote programs designed to improve the safety and security of neighborhoods; and encouraging the utilization of

environmental design strategies to reduce the potential of crime in neighborhoods.

Discussion:

The County staff and Board of County Commissioners realize that public policies can affect the supply and new construction of affordable housing in our community through the impacts on the cost and geographic location of these types of units. The County is dedicated to ensuring that consideration is given to affordable housing developments in areas with proximity to community resources such as transportation, employment opportunities, and public services that help ensure housing stability for our LMI residents. The County will continue its regular review of existing policies and adjust when needed and appropriate so that they are not an impediment to affordable housing provision. The County acknowledges new policies may be needed in the future as the affordable housing market changes over time.

AP-85 Other Actions – 91.220(k)

Introduction:

St. Johns County strives to address the needs of low- and moderate-income residents, homeless individuals and families, and underserved populations. Most of the strategies and actions taken by the County are done so in collaboration with non-profit agencies, municipalities, other organizations, and advisory boards/committees. The following sections outline how the County will address underserved needs, affordable housing, the reduction of lead-based paint hazards, reduction of the number of poverty level families in the County, and the development of an institutional structure to ensure the success of activities aimed at low- and moderate-income persons. It should be noted, however, that this Annual Action Plan is for Year 2 of a 5-year Consolidated Plan and not all will be fully addressed within the first year.

Actions planned to address obstacles to meeting underserved needs

St. Johns County has oriented our programs toward maintaining affordable housing and meeting the underserved needs of our most vulnerable residents. The largest obstacle is the lack of sufficient resources to fully meet the needs of our community. The County will take the following actions to address those obstacles:

- Promote cooperation between agencies by participating in different coordinating bodies in the county, such as but not limited to the Continuum of Care, the Affordable Housing Advisory Committee, Health and Human Services Advisory Council, and the Housing Finance Authority
- Provide assistance with the rehabilitation of existing homes, especially for extremely low-income households, elderly, disabled, and veterans
- Search and apply for new funding from federal and/or state sources
- Possibly address infrastructure deficiencies in low to moderate income areas through CDBG funding

Actions planned to foster and maintain affordable housing

The St. Johns County Affordable Housing Advisory Committee (AHAC) has the responsibility of reviewing and assessing established policies and procedures, ordinances, and land development regulations, as well as the local government comprehensive plan and recommending specific actions or initiatives to encourage and facilitate affordable housing. The AHAC prepares an annual report (formerly a triennial report) and its purpose is to include incentives that would encourage affordable housing for both rental and homeownership. The AHAC is currently working on the annual report for 2021. The most recent report contained 20 incentives, many of which are expected to remain in the 2021 report to promote and encourage affordable housing in St. Johns County.

- The processing of approvals of development orders on permits, as defined in s. 163.3164 (7) and

- (8) for all affordable housing projects is expedited to a greater degree than other projects
- The modification of impact-fee requirements, including reduction or waiver of fees and alternative methods of fee payment for affordable housing.
- The allowance of flexibility in densities for affordable housing.
- The reservation of infrastructure capacity for housing for very low-income persons, low-income persons and moderate-income persons.
- The allowance of affordable accessory residential units in residential zoning districts.
- The reduction of parking and setback requirements for affordable housing.
- The allowance of flexible lot configurations, including zero-lot-line configurations for affordable housing.
- The modification of street requirements for affordable housing
- The establishment of a process by which a local government considers, before adoption, policies, procedures, ordinances, regulations, or plan provisions that increase the cost of housing.
- The preparation of a printed inventory of locally owned public lands suitable for affordable housing.
- The support of development near transportation hubs and major employment centers and mixed-use development.

Actions planned to reduce lead-based paint hazards

St. Johns County will continue to take steps to ensure the affordable housing stock for our residents is safe from lead hazards. Program partners distribute “Protecting Your Family from Lead” pamphlets and other actions to address lead-based paint hazards and to increase access to housing without lead-based paint hazards are supported by the Florida Department of Health (DOH) through integrated partnerships and programs administered by local county health departments. Public health programs administered by the DOH-St. Johns County Health Department include, but are not limited to, the following:

(1) **Surveillance and Epidemiology:** Tracking and follow-up of reportable conditions such as lead exposure, as well as case management, including risk screenings and home assessments, as needed.

(2) **Environmental Public Health:** Inspection of limited-use drinking water systems and timely water quality monitoring related to lead and other contaminants; environmental health education.

(3) **Public Health Practice and Policy:** One of our many community partnerships, the St. Johns County Health Leadership Council convenes the triennial Community Health Assessment (CHA) which uses a formal method to identify key issues in our community (i.e., safe housing, transportation, etc.) and community health status data (i.e., lead poisoning rates, access to community water systems, etc.). DOH-St. Johns partners with the federally funded Head Start program by serving as a seasonal co-location site to allow for comprehensive screenings (i.e., child development and lead exposure) to

children ages 3 to 5.

(4) **Healthy Start (a Maternal and Child Health Program):** Registered nurses review screenings of pregnant moms and infants and conduct home visits as needed, which include a safety assessment (i.e. for potential sources of lead exposure) and child developmental screenings. Through the Nurse Case Management Model, those clients living in housing with LBP hazards are provided guidance on how to reduce exposure, and are provided information on how to access safe housing, if needed.

(5) **Community Linkages:** Because many residents still associate DOH-St. Johns with primary care services/lab testing services, residents frequently contact our Nurse Triage Call Center for referrals/linkages to lead testing locations within the community.

Actions planned to reduce the number of poverty-level families

St. Johns County is dedicated to supporting a continuum of coordinated outreach efforts and services to enhance the lives of our residents, especially those living below the poverty line. The County works to strengthen neighborhoods and support families and individuals with social service programs, home repair, and provision of infrastructure and public facilities, as well as by collaborating with nonprofit partners and other state and local resources and service providers. The programs outlined in the Five-Year 2021-2025 Consolidated Plan are designed to meet the needs of our most vulnerable residents tailored to meet immediate, short-term, and long-term goals.

The St. Johns County Board of County Commissioners (BCC) governs and establishes the County's poverty-reducing goals and policies. Based on the direction provided by the BCC leadership, the County departments are responsible for collaborating and administering poverty-reducing programs. Coordination between departments is facilitated through collaborative planning efforts, participation by coordinating bodies, and program-specific partnerships. St Johns County has overall objectives and policies in the Comprehensive Plan that are geared toward poverty reduction.

Objective C.1.1 is for the "Creation and Preservation of Affordable Workforce and Special Needs Housing", Objective C.1.2 states that "The County shall maintain its existing programs, investigate new programs, and identify funding sources which will work toward the elimination of substandard housing and improve the aesthetic qualities of existing housing and encourage improvements that reduce energy and water consumption" which supports many of the needs identified in the community survey. Objective C.1.3 ensures "Adequate Areas for Very-Low-, Low- and Moderate-Income Households, Mobile Homes, Manufactured Homes, Group Homes and Foster Care Facilities". The BCC has also made it a priority to incorporate energy efficient building practices through the permitting and approval process, which will ultimately reduce energy costs for LMI households living in these homes. In addition to the above the County will continue to:

- Upgrade the Community Redevelopment Area (CRA) Housing Stock, which predominantly provides for low-income persons, and continue its efforts to develop low to moderate income

rental housing stock.

- Inventory all surplus County-owned land, foreclosed properties and in-fill opportunities that could be used to promote affordable housing provision and production.
- Strategically work with developers seeking to develop affordable housing projects close to major employment centers and available amenities.
- The County will also continue its Ten-Year Plan to End Homelessness in St. Johns County.

Actions planned to develop institutional structure

Leadership of St. Johns County begins with the Board of County Commissioners and filters through a variety of departments working collaboratively to meet the varied needs of our residents and businesses. There are a number of public and private agencies within the County that participate year-round in the provision of housing, public services, economic development services, homeless services, and other community development activities including: capital improvements, public facilities, and infrastructure. The County also has several groups that collaborate continually to lobby for resources to alleviate identified gaps within the community. These groups include but are not limited to: Health and Human Services Advisory Council (HHSAC), Health Leadership Council, Behavioral Health Consortium, Continuum of Care (CoC), Housing Finance Authority (HFA) and the Affordable Housing Advisory Committee (AHAC). Each of these groups has representatives from various agencies that provide services for the institutional delivery system within the county. As such, communication between agencies is frequent, goal oriented, and aimed at resolving needs and gaps identified within the County.

Actions planned to enhance coordination between public and private housing and social service agencies

St. Johns County will continue to strengthen its relationships with partnering public and private housing and social service agencies to address the housing and community development needs of low- and moderate-income residents. The County is an active participant in the CoC, the Health and Human Services Advisory Council, the Affordable Housing Advisory Committee, the Housing Finance Authority, and other committees that coordinate with service providers, private organizations, and other stakeholders. The County will also continue to fund non-profit organizations that provide social services and housing facilities to residents in need.

Discussion:

St. Johns County is committed to meeting the needs of our underserved residents and making our County a great place to live, work and play. This includes efforts to affirmatively further fair housing in our community, so that all residents feel they are welcome and valued members of our community.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(l)(1,2,4)

Introduction:

St. Johns County expects to receive \$1,022,927 in CDBG funding for Program Year 2022.

Community Development Block Grant Program (CDBG)

**St. Johns County 2021-2025
Consolidated Plan, 2022 Annual
Action Plan, & Affirmatively Furthering
Fair Housing Survey**

St. Johns County is a recipient of funds from the U.S. Department of Housing and Urban Development (HUD), and is conducting this survey:

- 1) To collect updated information on housing and community development needs in the St. Johns County for the Consolidated Plan and Affirmatively Furthering Fair Housing; and
- 2) To better understand residents' housing decision and their experiences living, working, or going to school in St. Johns County.

This survey is not associated with a ballot issue or political poll. Your input will help

us determine what programs/projects should be funded with our HUD Community Development Block Grant (CDBG) allocations. Please invite others to participate in the survey.

CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing --The jurisdiction will affirmatively further fair housing.

Uniform Relocation Act and Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (42 U.S.C. 4601-4655) and implementing regulations at 49 CFR Part 24. It has in effect and is following a residential anti-displacement and relocation assistance plan required under 24 CFR Part 42 in connection with any activity assisted with funding under the Community Development Block Grant or HOME programs.

Anti-Lobbying --To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction --The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan --The housing activities to be undertaken with Community Development Block Grant, HOME, Emergency Solutions Grant, and Housing Opportunities for Persons With AIDS funds are consistent with the strategic plan in the jurisdiction’s consolidated plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u) and implementing regulations at 24 CFR Part 75.

Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) _____ [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, J, K and R.

Compliance with Laws -- It will comply with applicable laws.

Specific HOME Certifications

The HOME participating jurisdiction certifies that:

Tenant Based Rental Assistance -- If it plans to provide tenant-based rental assistance, the tenant-based rental assistance is an essential element of its consolidated plan.

Eligible Activities and Costs -- It is using and will use HOME funds for eligible activities and costs, as described in 24 CFR §§92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in §92.214.

Subsidy layering -- Before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing;

Emergency Solutions Grants Certifications

The Emergency Solutions Grants Program recipient certifies that:

Major rehabilitation/conversion/renovation – If an emergency shelter’s rehabilitation costs exceed 75 percent of the value of the building before rehabilitation, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed rehabilitation.

If the cost to convert a building into an emergency shelter exceeds 75 percent of the value of the building after conversion, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed conversion.

In all other cases where ESG funds are used for renovation, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 3 years after the date the building is first occupied by a homeless individual or family after the completed renovation.

Essential Services and Operating Costs – In the case of assistance involving shelter operations or essential services related to street outreach or emergency shelter, the recipient will provide services or shelter to homeless individuals and families for the period during which the ESG assistance is provided, without regard to a particular site or structure, so long the recipient serves the same type of persons (e.g., families with children, unaccompanied youth, disabled individuals, or victims of domestic violence) or persons in the same geographic area.

Renovation – Any renovation carried out with ESG assistance shall be sufficient to ensure that the building involved is safe and sanitary.

Supportive Services – The recipient will assist homeless individuals in obtaining permanent housing, appropriate supportive services (including medical and mental health treatment, victim services, counseling, supervision, and other services essential for achieving independent living), and other Federal State, local, and private assistance available for these individuals.

Matching Funds – The recipient will obtain matching amounts required under 24 CFR 576.201.

Confidentiality – The recipient has established and is implementing procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted under the ESG program, including protection against the release of the address or location of any family violence shelter project, except with the written authorization of the person responsible for the operation of that shelter.

Homeless Persons Involvement – To the maximum extent practicable, the recipient will involve, through employment, volunteer services, or otherwise, homeless individuals and families in constructing, renovating, maintaining, and operating facilities assisted under the ESG program, in providing services assisted under the ESG program, and in providing services for occupants of facilities assisted under the program.

Consolidated Plan – All activities the recipient undertakes with assistance under ESG are consistent with its consolidated plan.

Discharge Policy – The recipient will establish and implement, to the maximum extent practicable and where appropriate, policies and protocols for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, mental health facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent this discharge from immediately resulting in homelessness for these persons.

Housing Opportunities for Persons With AIDS Certifications

The HOPWA grantee certifies that:

Activities -- Activities funded under the program will meet urgent needs that are not being met by available public and private sources.

Building -- Any building or structure assisted under that program shall be operated for the purpose specified in the consolidated plan:

1. For a period of not less than 10 years in the case of assistance involving new construction, substantial rehabilitation, or acquisition of a facility,
2. For a period of not less than 3 years in the case of assistance involving non-substantial rehabilitation or repair of a building or structure.

OFFICE OF COMMUNITY PLANNING
AND DEVELOPMENT

U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT
WASHINGTON, DC 20410-7000

May 13, 2022

The Honorable Jeremiah Blocker
Chair of St. Johns County
500 San Sebastian View
St. Augustine, FL 32084

Dear Chair Blocker:

I am pleased to inform you of your jurisdiction's Fiscal Year (FY) 2022 allocations for the Office of Community Planning and Development's (CPD) formula programs, which provide funding for housing, community and economic development activities, and assistance for low- and moderate-income persons and special needs populations. Public Law 117-269 includes FY 2022 funding for these programs. Your jurisdiction's FY 2022 available amounts are as follows:

Community Development Block Grant (CDBG)	\$1,022,927
Recovery Housing Program (RHP)	\$0
HOME Investment Partnerships (HOME)	\$0
Housing Trust Fund (HTF)	\$0
Housing Opportunities for Persons With AIDS (HOPWA)	\$0
Emergency Solutions Grant (ESG)	\$0

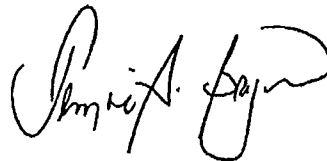

Individuals and families across the country are struggling to recover from four converging crises impacting housing stability: the COVID-19 pandemic, economic hardships, climate change, and racial inequity. Through these bedrock programs, CPD seeks to develop strong communities by promoting integrated approaches that provide decent housing and suitable living environments while expanding economic opportunities for low- and moderate-income and special needs populations, including people living with HIV/AIDS. We urge grantees to strategically plan the disbursement of grant funds to provide relief for those affected by these converging crises and help move our country toward a robust recovery.

Based on your jurisdiction's CDBG allocation for this year and outstanding Section 108 balances as of May 13, 2022, you also have \$39,635 in available Section 108 borrowing authority. Since Section 108 loans are federally guaranteed, this program can leverage your jurisdiction's existing CDBG funding to access low-interest, long-term financing to invest in your jurisdiction.

HUD continues to emphasize the importance of effective performance measurements in all its formula grant programs. Proper reporting in the Integrated Disbursement and Information System (IDIS) is critical to ensure grantees comply with program requirements and policies, provide demographic and income information about the persons that benefited from a community's activities, and participate in HUD-directed grantee monitoring. Your ongoing attention to ensuring complete and accurate reporting of performance measurement data continues to be an invaluable resource regarding the impact of these formula grant programs.

The Office of Community Planning and Development is looking forward to working with you to promote steps that will enhance the performance of these critical programs and successfully meet the challenges that our communities face. If you or any member of your staff have questions, please contact your local CPD Office Director.

Sincerely,

PUBLIC NOTICE

St. Johns County Community Development Block Grant Proposed 2022-2023 Action Plan

PUBLIC NOTICE IS HEREBY GIVEN that St. Johns County has prepared a proposed 2022-2023 Action Plan as required by the U.S. Department of Housing and Urban Development (HUD) to receive Community Development Block Grant (CDBG) funding. St. Johns County receives CDBG funds as an Entitlement Community for the benefit of low- and moderate-income residents. St. Johns County may use CDBG funds within the unincorporated areas of the County and within the city limits of St. Augustine Beach. The development and approval of the 2021-2025 Consolidated Plan and Annual Action Plan are requirements of receiving CDBG funds.

The HUD approved 2021-2025 Consolidated Plan prepared by St. Johns County includes a discussion of needs and strategies to meet those needs. The 2021-2025 Consolidated Plan was developed with participation from County staff, elected officials, affordable housing and social service providers, and local citizens. As a result of this process, the following priorities were developed:

- **Priority #1 – Infrastructure and Public Facilities:** provision of adequate infrastructure and public facilities to enhance the livability of low- to-moderate income neighborhoods and assure efficient levels of service.
- **Priority #2 – Property Blight** – promote development activities aiding in the prevention and elimination of specific conditions of blight and physical decay, eliminating specific conditions detrimental to public health and safety.
- **Priority #3 – Public Services** - enhance the living environment of the targeted area by addressing basic needs that are unmet due to economic disparity.
- **Priority #4 - Affordable Housing & Homeless Assistance:** increase the supply of affordable rental housing available to very low, low, and moderate income residents, as well as veterans, elderly, disabled, and homeless persons through new construction or acquisition; provide housing counseling and support services to assist individuals and families in crisis.
- **Priority #5 – Rehabilitation of Existing Housing:** focus on improving health and safety, code violations, accessibility and sustainability for extremely low-to-moderate income residents below 50% AMI (including but not limited to residents who are elderly, disabled, and veterans).
- **Priority #6 – Economic Development:** Promotion of Economic Development activities to respond to general needs and to respond to the impact of COVID-19.

The Annual Action Plan lays out how the funds will be used for qualifying purposes such as projects, programs, and administration. For the 2022-2023 Program Year, HUD plans to allocate \$1,022,927 for St. Johns County. The 2022-2023 proposed Annual Action Plan will provide for the following expenditures:

Priority #1 – Infrastructure and Public Facilities and Priority #2 – Property Blight

- \$347,091.00 for public infrastructure and public facilities to enhance the livability of low- to-moderate income neighborhoods and assure efficient levels of community services and safety, and the promotion of development activities aiding in the prevention and elimination of specific conditions of blight and physical decay, eliminating specific conditions detrimental to public health and safety.

Priority #3 -Public Services:

- \$101,250.00 for social programs for low to moderate-income individuals or households.

Priority #4 - Affordable Housing & Homeless Assistance:

- \$250,000.60 to increase the supply of affordable housing available to very low, low, and moderate income residents, as well as veterans, elderly, disabled, and homeless persons through new construction or acquisition; provide housing counseling and support services to assist individuals and families in crisis.

Priority #5 – Rehabilitation of Existing Housing:

- \$120,000.00 to provide for emergency repair, spot or full house rehabilitation of existing housing for extremely low-to-moderate income residents below 50% AMI (including but not limited to residents who are elderly, disabled, and veterans).

Planning and Administration:

- \$204,585.40 for HUD-approved administrative costs associated with establishing and maintaining a CDBG program.

Public Notice

St. Johns County Community Development Block Grant Funding, Survey, Meetings, and Application

St. Johns County is giving public notice that it anticipates receiving Community Development Block Grant (CDBG) funds for the 2022-2023 Federal Fiscal Year.

St. Johns County receives CDBG funds as an Entitlement Community. The CDBG program is administered through the U.S. Department of Housing and Urban Development (HUD) to benefit of low-to-moderate income residents. St. Johns County may use CDBG funds within the unincorporated areas of the County and within the City limits of St. Augustine Beach. The development and approval of an Annual Action Plans is a requirement of receiving federal CDBG funds.

In accordance with the County's Citizen Participation Plan, citizens are encouraged to participate in the planning, implementation, and evaluation of the CDBG Entitlement Program. In preparation for the 2022-2023 Annual Action Plan, the County will host community meetings, distribute and evaluate the annual community priorities survey, solicit CDBG Entitlement Grant Applications from the community, and evaluate and select projects to be funded by HUD's CDBG Entitlement Allocation to St. Johns County.

The 2022 Community Meeting Schedule is posted below. At these meetings, information will be provided about the CDBG Entitlement Program and the 2022 Community Priorities Survey.

The 2022 Community Priorities Survey and the 2022-2023 CDBG Entitlement Program Application are also available on the County website at: <http://www.sjcf.us/Housing/CDBG.aspx>. A paper copy of the Survey and Application may be obtained Monday – Friday, 8:00 AM – 5:00 PM at the Health and Human Services Department, 200 San Sebastian View, Suite 2300, St. Augustine, Florida 32084.

The 2022 Community Priorities Survey will close on May 2, 2022. The 2022-2023 CDBG Entitlement Grant Applications must be submitted by 4:00 PM on Monday, May 2, 2022. Grant Applications will be evaluated and scored by an independent committee at a public meeting on May 12, 2022, at 2:00 p.m. in the Kingfisher Conference Room, Health and Human Services, 200 San Sebastian View, St. Augustine, FL 32084. Additional information about the CDBG

Entitlement Program may be obtained by calling 904-827-6897 or contacting: housing@sjcfl.us

As of the date of this advertisement, HUD has not informed the County of its annual CDBG funding allocation amount for the PY22-23 Entitlement Program. For the 2021-2022 Federal Fiscal Year, HUD allocated \$1,030,151 for St. Johns County. Funds for the 2022-2023 Federal Fiscal Year are expected to be available in November of 2022.

St. Johns County is not obligated to award all funds allocated to the County during an Entitlement Program's annual grant cycle. The County may reject applications submitted should the proposed project not meet federal regulations as set forth in the CDBG Entitlement Program. The County may also reject an application that is incomplete, not submitted according to PY22-23 Grant Application Instructions, or by the submission deadline. Due to alternative sources of funding available to the City of St. Augustine, HUD prohibits awarding Entitlement funds for projects proposed within the City's limits. In addition, eligible organizations submitting for the PY22-23 are required to attend at least one of the two offered Technical Assistance Workshops (see below schedule).

Projects proposed are required to align with at least one (1) of the priorities listed in the St. Johns County Five-Year Consolidated Plan. The County's 2021-2026 Consolidated Plan includes information pertaining to local needs and strategies to meet those needs. HUD approved the 2021-2026 Consolidated Plan, which was developed by County Staff, with input from affordable housing and social service providers, local citizens, and elected officials. The following priorities were included:

Priority #1 - Public Facilities and Infrastructure: Provision of adequate public facilities and infrastructure to assure the efficient levels of service and enhance the livability of low-to-moderate income neighborhoods.

Priority #2 – Public Services: Enhance the living environment of the targeted area by addressing basic needs that were unmet due to economic disparity.

Priority #3 – Affordable Housing & Homeless Services: Increase the supply of affordable rental housing available to very low, low, and moderate income residents as well as veterans, elderly, disabled, and homeless persons through new construction or acquisition; provide housing and support services to assist citizens who are homeless or at risk of becoming homeless.

Priority #4 – Rehabilitation of Existing Housing: Focus on improving health and safety, code violations, accessibility and sustainability for extremely low-to-moderate income residents below 50% AMI (including but not limited to residents who are elderly, disabled, and veterans).

Priority #5 – Economic Development: Promotion of Economic Development activities in response to general needs and continued response to the impact of COVID-19.

The St. Johns County Citizen Participation Plan, 2021-2026 Consolidated Plan, and 2021 Annual Action Plan are available for review Monday – Friday, 8:00 AM – 5:00 PM at Health and Human Services, 200 San Sebastian View, Suite 2300, St. Augustine, Florida 32084. The documents can also be viewed on the St. Johns County website: <http://www.sjcfl.us/Housing/CDBG.aspx>.
